FIFTY-FOURTH YEAR No. 244

LINCOLN, NEB., THURSDAY MORNING, JULY 12, 1956

FIVE CENTS

House Approves \$3.6 Billion For Mutual Security --

EISENHOWER JOLTED AGAIN

Foreign Aid Cut Stands

... Roll Call Vote Is 284 To 120

WASHINGTON (AP)—The House voted \$3,600,000,000 for foreign aid Wednesday, less than 75 per cent of what President Eisenhower wanted to keep the mutual security program going for the next 12 months.

The appropriations bill was passed on a roll call vote of 284-120 and sent to the Senate, where a new attempt will be made to increase the figure to around four billion dollars.

Both Republican and Democratic leaders in the House are in favor of increasing foreign aid for this fiscal year but they decided not to risk defeat on a showdown vote Wednesday.

They indicated the strategy will be to try to boost the total in the Senate and then work out a compromise figure in a Senate-House conference.

5 Billion Asked

Eisenhower asked for about five billion in new money and carry-over funds to continue the program of military and economic aid to combat the threat of Communist expansion abroad.

Last week Congress passed separate authorization legislation fixing the program at about four billion dollars for the bookkeeping year which began July 1. The President has indicated he will be satisfied if he finally gets the same amount in the appropriations bill, which must be passed before money can be spent.

On a voice vote, the House defeated a move to kill the whole bill.

70 Republicans Say "No"

Then, on the final roll call, 160 Democrats and 124 Republicans voted for passage. Seventy Republicans and 50 Democrats voted "no."

Only one amendment to the committee bill was adopted. It specified that 15 million dollars is to be earmarked for anti-Communist Guatemala. The administration asked for only five million.

A proposal to cut out aid to Communist Yugoslavia, made by Rep. Bentley (R-Mich), was rejected on a tellers' vote of 117-65.

In the debate preceding Wednesday's House action, Rep. Lanham (D-Ga) asserted Eisenhower's foreign aid program is one "a part-time President cannot sell to the American people."

Lanham defended the House figures as sufficient for mutual security needs during the fiscal year which begins July 1.

He criticized what he called the "Madison Avenue" advertising tactics of the GOP administration, saying the administration originally trimmed foreign aid appropriations in order to make a show of a balanced budget.

"Part-Time"

"Now that they think they have a balanced budget," Lanham said, "they come in and ask for a huge increase, and they cannot sell it to the American people. A part-time President cannot sell it to the American people."

Democratic members applauded his attack on the administration. Some Republican leaders have represented the President as being "irritated" at the way the Democratic-controlled Congress has handled foreign aid this year.

This brought a blast from Democrats Wednesday. "Before Eisenhower starts trying to convince millions with his leap year liberalism," said Sen. Humphrey (D-Minn), "I suggest that he try convincing about 225 Republicans in Congress who don't go along with him."

The matter arose at a Senate Appropriations Committee hearing on a bill carrying funds for military construction of the year started July 1.

Sen. Stennis (D-Miss) asked Air Force officials concerning their plans for an Air Force Hospital, stating Sen. Curtis (R-Neb) had written him a letter inquiring about it.

Air Force officials said they would like to have the VA Hospital since it is a permanent facility near the Lincoln Air Force Base. However, they added, there is strong resistance from the state which contends the hospital is needed by the Veterans Administration, presently using it.

They said their dilemma was that whenever they sought funds to build a much needed hospital

-Note Studied-

Planes Protest Denied

No Craft Violated Red Border, U.S. Says

WASHINGTON (INS)—Air Force headquarters flatly denied Wednesday night a Russian charge that U. S. military planes "grossly violated" Soviet territory three times in the past week.

The Air Force statement said "no U. S. Air Force planes have been flying over Soviet territory," as Moscow charged in a protest note delivered to the State Department Wednesday.

The statement was issued as the Defense Department launched an investigation to determine what could be the basis for the Soviet note, which charged that U. S. planes penetrated as much as 200 miles inside the Soviet Union on flights July 4, 5 and 9.

The State Department turned the note over to Gordon Gray, assistant defense secretary for international affairs, who said he will "determine the facts."

Earlier Protest
The Air Force statement was issued before the Soviet protest was examined by the Pentagon. A spokesman said the statement was nevertheless unequivocal.

In effect, the statement also denied an earlier Russian protest that U. S. planes violated Soviet territory on April 5, 12, 15 and 18.

The earlier protest was not made public before now, presumably because of Air Force Gen. Nathan F. Twining's visit to the Moscow air show, which the U. S. wished to keep on a cordial basis.

The Air Force said its statement was not a comment on the Russian note, but a statement of fact. A spokesman said neither the territory of the Soviet Union or that of any Communist satellite has been violated.

Dr. Andrews Next Step To Shrine Top Due Today

Lincoln physician Dr. Clayton F. Andrews is slated to advance one more step Thursday toward the post of imperial potentate of the Shrine of North America.

The Imperial Council of the Shrine is holding its annual convention in Detroit and will hold election of officers Thursday. Dr. Andrews, now imperial high priest, will become imperial assistant rabban as he moves up the ladder. He is slated to become imperial potentate in 1959.

The post of imperial outer guard is the only office on the Divan to which a member is elected and from there moves up automatically to the highest position.

JUNE STORM DAMAGE SET AT \$636,000

The Weather Bureau reports that five severe storms in Nebraska in June ran up a damage total of \$636,000, including \$250,000 for the flash flood at Wameka.

For a story on the survey of the month's weather, see Page 15.

Dulles Predicts Red Freedom

U.S. Secretary Says Russians Will Break Shackles Within 10 Years

WASHINGTON (INS)—Secretary of State John Foster Dulles predicted Wednesday that within 10 years the Russian people will break the shackles of Communist tyranny and emerge as a free nation.

Dulles declared in a carefully-worded statement at a news conference that the trend toward rebellion against what he called "grievous captivity" will prove irresistible.

The cabinet member said, "It is not a matter for this year or next year, but I believe this second post-war decade in which we will see these new forces take charge of the situation and that we can really hopefully look forward to a transformation of the international scene."

The secretary denied Communist charges that the U. S. has directly sought to foment uprisings behind the Iron Curtain, such as the Poznan riots.

He declared the U. S. must encourage seekers of freedom behind the Iron Curtain by demonstrating through its own conduct and example the rewards of a free society.

Dulles' freedom-by-1966 prediction was the first time he has suggested a time table for completion of the changes which he said are already reflected in the Kremlin's new policies toward the Russian

people and the outside world.

Significance was added to Dulles' statement by developments in Moscow, including Soviet Premier Nikolai Bulganin's assertion to the Russian Parliament that East-West tension has eased and that a "vast peace zone" has been established.

Diplomats also pointed to the absence of Nikita S. Khrushchev, Soviet Communist boss, from the opening session of the Parliament, and to rumors that Khrushchev's rude conduct while drunk may result in his ouster from his top role in the present dictatorship.

American officers who recently returned from an aviation mission to Russia have revealed that Khrushchev's alcoholic antics included insults bawled at Western and satellite representatives alike. Dulles warned that the Soviet "new look" leaves no room for complacency in the West. He said the free peoples still must pay "a heavy price to protect themselves."

The cabinet member called upon the Kremlin rulers to give assurance that "the evil done in Stalin's name will be undone, and that such policies will not recur."

Spud Prices Hit High Here

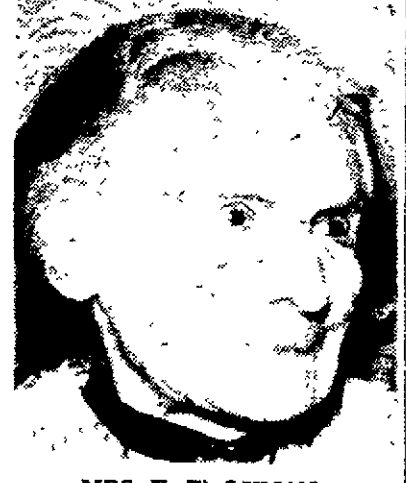

The lowly potato is not so low in cost these days as any Lincoln housewife or grocer can tell you. Prices have increased rapidly in recent weeks and the rise is expected to continue until the Idaho potato crop hits the market here in volume.

The price at one supermarket Wednesday was listed at 13 cents a pound for number one potatoes. Other grocers quoted prices ranging down to 11 1/2 cents a pound for number one variety. The whole sale prices for top grade potatoes varied from \$10 to \$10.50 a hundred pounds Wednesday.

The reason for the high price is a shortage due primarily to a poor crop in the southern states. Frost and weather conditions virtually wiped out the crop in some states.

One Lincoln grocer commented that it was difficult to get good quality potatoes. Said another, "we help Europe too much and the weather's terrible."

Lincoln's Eldest Thanks GOP For Her 105 Years

MRS. E. W. LYMAN

The same year the nation's 13th president began his second year in office, 1851, a baby was born in Portville, N. Y., who was destined to become Lincoln's eldest resident.

Mrs. E. W. Lyman, who is 105 years old Thursday, could very well attribute her longevity to her "rock-ribbed Republicanism."

When she celebrated her 100th birthday in 1951, she said, "I'd like to live one more year, just to see President Truman out of the White House."

Mrs. Lyman lived in Washington, D. C., for 20 years and said she takes her politics more seriously than her age. However, she was hoping that Dewey would get the nomination in 1952, "not Taft or Eisenhower."

"The only reason I've lived so long is to see a Republican in the White House," she said. "I knew that Eisenhower would get it anyway."

WHEELED DACHS WALKS WELL

Co-Co, an 11-year-old dachshund that was recently paralyzed in his hind quarters, stops his wheelchair long enough to pose for photographers. Thanks to the ingenuity of his owner, L. T. Cavender of Shreveport, La., Co-Co gets around just as fast and as easily as before he was crippled. Cavender says the dog seems to enjoy his free-wheeling life. (AP Wirephoto).

Storms Hit In State's East

... Lincoln Has 60 MPH Winds, Only .05-.20 Rain

Severe thunderstorms and hail hit northeastern Nebraska and heavy hail pelted Sioux City, Ia., following a storm warning by the Weather Bureau Wednesday and Wednesday night.

Thunderstorms were wide over the eastern area of the state, and Lincoln was drenched early Wednesday evening by dust, winds of 60 miles an hour, and precipitation ranging from .05 to .20 of an inch.

Scattered showers and thunderstorms were to continue over the state Thursday afternoon and evening, accompanied by cooler temperatures.

Lincoln police said some 50 callers reported downed wires, but no damage resulted.

Omaha got 1.29 inches of rain in a hard-hitting early evening storm. West of Omaha, there were reports of an even inch of rain.

Water flooded many basements and plunged some areas of the city into darkness as power failed. No injuries were reported.

Sioux City had .80 of an inch of rain in less than 30 minutes and a total rainfall of 3.06 inches Wednesday afternoon and evening, with stones nearly two inches in diameter, broke windows in the area. Pierce was also a storm center.

Mail north of Pierce caused some stripping of corn and water in the area was over some highways during the periods of heaviest rainfall.

Rain, hail and strong winds covered the area from north of the Platte River to the Missouri River and west from O'Neill.

Lincoln Couple Victims Of Accident In Wyoming

A Lincoln couple was among five persons killed in a violent head-on collision Wednesday seven miles west of Rock Springs, Wyo., on U. S. Highway 30.

The Lincolns were identified as Charles and Montes Pulham, both about 28, of 3611 Holmdale.

The Pulhams were en route to visit Mr. Pulham's parents, Mr. and Mrs. Art Pulham of Orem, Utah, and then to Mesa, Ariz., where Mr. Pulham was to begin a new job with the U.S. Department of Agriculture.

Mr. Pulham was born at Provo, Utah and had received his master's degree in agronomy from the University of Nebraska College of Agriculture. During the past year he had been a departmental assistant at the university agronomy department.

Mrs. Pulham, who was a native of Orem, Utah, and attended Brigham Young University in Salt Lake City, had been employed as a cashier at the Central Electric and Gas Company until July 1 of this year. Both were members of the Church of Jesus Christ Latter Day Saints. They had no children.

There were no witnesses to the collision and all five victims apparently died instantly. The two cars traveled a bare 15 feet after the impact.

The Wyoming Highway Patrol identified the other victims as Mrs. Bertha E. Sickrich, 40, and her 15-year-old daughter, Sandra, both of Church Butte, Wyo., and Mrs. Sickrich's 65-year-old mother, Mrs. Minnie Olsen of Pasadena, Calif.

Patrolman S. J. Warne said skid marks on the highway indicated the eastbound Sickrich car had crossed the center line just before the crash.

Fatrolmen said the cause of the accident probably could never be determined. Only one other highway accident in Wyoming took a heavier toll, when seven persons died near Rawlins last Jan. 26.

The Weather

NEBRASKA: Partly cloudy through Friday; scattered showers, thunderstorms afternoon and evening. High Thursday 90-95.

Dulles' Neutrality Does Flip-Flop

ANOTHER VAST TURN IS TAKEN

... In U.S. Policy

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Secretary of State Dulles took United States policy on neutrality around another vast turn Wednesday and it wound up going in the opposite direction from that which he had last set for it.

Dulles accomplished this by firing the neutrality which he has denounced bitterly in a speech a month ago in such a way that, by his definition there probably are really no neutral countries in the world.

When a reporter pointed this out at his news conference Dulles agreed with it.

Rather Confusing

No single issue in recent months has produced so many confusing and sometimes outright contradictory comments from top administration officials.

Dulles reiterated some of his previous strong criticism of neutrality as "immoral."

He sought to evolve Wednesday he never intended to criticize a policy of neutrality, only a special brand which believes security can best be guaranteed by isolation and without concern for others.

Under questioning he acknowledged "few if any countries would fit into this category especially since nearly all are members of the United Nations or defense alliances which show concern for others."

Trying To Soothe Nehru

Dulles' remarks, obviously intended to smooth Indian Prime Minister Nehru's ruffled feelings appeared to be almost a reversal of the views he laid down in a speech at Ames, Iowa, last June 9.

Without specifying he was talking about any special brand Dulles discussed at Ames the "principle of neutrality, which pretends that a nation can best gain safety for itself by being indifferent to the fate of others."

"This has increasingly become an obsolete conception," he said then. "Except under very exceptional circumstances it is an immoral and shortsighted conception."

TRIGGER BURKE

Trigger Burke, Brink's Figure, To Die In Chair

ALBANY, N.Y. — Governor (Trigger) Burke, notorious gunman and prison escape artist, was scheduled to die in the electric chair at Sing Sing prison today.

The seven judges of the Court of Appeals unanimously upheld Burke's conviction on a first-degree murder charge in a 1932 bar-room shooting in Manhattan. The court set the week of Aug. 13 for his execution at Sing Sing.

Burke, 38, was convicted last December of shooting Edward (Poochy) Walsh, a 23-year-old longshoreman and a former friend. The prosecution at Burke's trial called the killing "an underworld assassination." Burke claimed he was drunk or insane at the time and could not remember the slaying.

Tried Ambush

In 1934 Burke was arrested in Boston on a charge of possessing a rapier which police said he had used in an attempt to ambush and kill Joseph (Specs) O'Keefe, a key figure in the \$1,218,211 Brink's robbery. The police said Burke told them he had been hired to kill O'Keefe.

Burke broke out of jail in Boston shortly after his arrest. Last August, FBI agents apprehended him in South Carolina and returned him to New York to face the murder charge.

Edgy Israel Stages Air Raid Drills

... Effects Realistic

JERUSALEM — Israel's concerned over renewed tension on the Jordan border staged air raid drills in the Israeli sector of Jerusalem Wednesday with sound effects reminiscent of the Palestine war of 1948.

Sirens screamed practice bombs exploded and sulphur smoke blanketed several areas in this second day of civil defense exercises aimed to help shield Israel if war comes again.

Premier David Ben-Gurion's Cabinet held a special meeting with the announced purpose of discussing "the security situation." The government charged Jordan's army is organizing groups of Arab "refugees, discharged criminals and peasants from border villages" as today's raiders and that there have been 50 incidents along the border with six persons killed — since Israel and Jordan resumed U.N. Secretary General Dag Hammarskjöld April 26 to observe a cease-fire.

FBI ENTERS KIDNAP CASE

... No New Leads

WESTBURY, N.Y. — The FBI Wednesday threw its keen, relentless crime-fighting resources into the Peter Weinberger kidnaping. Director J. Edgar Hoover served blunt notice his G-men are out to solve the baffling case.

As Hoover's agents stepped in the federal Lindbergh kidnap law was invoked. Under it, the kidnaper of the 5-week-old boy can be executed for his crime.

Under federal law, the FBI steps into a kidnap case when the victim is known to have been taken across state lines. However, if the victim is not released in seven days the law assumes such a crossing of state lines and the G-men are unleashed.

The Weinberger kidnaper left a note demanding a \$2,000 ransom. Later, a man believed to be the kidnaper telephoned the child's father, Morris, and upped the demand to \$5,000.

On several occasions since, Mrs. Weinberger has dashed out with \$5,000 in cash in answer to telephone tips from hoaxers.

Freighters Hit In Fog, One Sinks

NEW YORK — A mixed Italian freighter rammed another ship and sank it Wednesday as the two vessels groped ghostlike through a dense North Atlantic fog.

Thirty-three crewmen of the Panamanian freighter Estoril took to life boats 450 miles east of Boston before their vessel went down. They were picked up safely by the Italian freighter Dea Mazella.

The Mazella's bow was damaged in the collision. She limped toward Halifax at five to six knots with a list. The Coast Guard cutter Casco shepherded her. It was expected to take her 24 to 30 hours to make port.

On Radar

The fog was so thick that at first rescue vessels could locate the Mazella only on radar.

Only last November the Mazella sent out an SOS for the most dreaded of all marine mishaps — fire on the high seas. She then was 150 miles off Newfoundland, bound for Britain. Her crew battled the flames until a Coast Guard cutter and two merchant ships came to her rescue.

The jinx still rode the 7,000-ton freighter Wednesday as she nosed through the fog, out of Boston and bound for Le Havre, France. Normally, in such weather, a lookout is posted on the ship's bow and warnings are sounded frequently on the ship's whistle.

Escapee Given Year In Prison

Stanley Putnam, 30, Reformatory inmate from Gothenburg, was sentenced to a one-year Penitentiary term after pleading guilty to an escape charge in Lancaster District Court.

Putnam broke custody May 22 at the Lincoln State Orthopedic Hospital where he was taken for the removal of chin stitches. Authorities said he turned himself in a day later at Gothenburg.

The escape sentence was pronounced consecutive to Putnam's present term of 35 to 40 months for cattle theft given Aug. 10, 1955, from Lincoln County.

Judge John L. Polk pronounced sentence.

Vivien Leigh, 42, Olivier Expecting

LONDON (Thursday) (AP) — Actress Vivien Leigh and actor Sir Laurence Olivier announced today they are expecting their first baby after 16 years of marriage.

The announcement said the baby is expected in November and Miss Leigh will soon leave the cast of Noel Coward's play "South Sea Bubble."

Miss Leigh who is 42 has a 22-year-old daughter by her first marriage, to London lawyer Herbert Leigh Holman.

Laurence, 49, has a 21-year-old son by his previous marriage to actress Jill Esmond.

Sir Laurence, one of Britain's top Shakespearean actors is presently preparing to make a movie with Marilyn Monroe.

Lincolnton Sentenced For Statutory Rape

Melvin R. Botts, 22, of 427 No. 20th, was sentenced to a three-year Penitentiary term by the Lancaster District Court on a statutory rape charge.

Botts had pleaded guilty to the amended charge involving a Jan. 20 offense against a 14-year-old Lincoln girl. Judge John Polk pronounced sentence.

The girl has been sent to the Geneva State Girls Training School by the Juvenile Court.

Mediator Is Hopeful

... In Steel Dispute

WASHINGTON — Joseph F. Finnegan, chief government mediator in the nationwide steel strike, said Wednesday "both sides have appeared agreeable and cooperative."

But Finnegan described the situation as "still a serious one."

Finnegan, director of the Federal Mediation and Conciliation Service, met in his office Wednesday in a closed-door session with management representatives in the 11-day strike.

He held a similar session Tuesday with David J. McDonald, president of the United Steelworkers, which called out its members after failure of negotiations on a new contract.

Both sides are to meet face to face Thursday in Pittsburgh the Washington meetings were in preparation for the new Pittsburgh negotiations.

Money Stolen

Intruders obtained \$132.50 from Lester Nelson's service station at 2400 West O after gaining entry by breaking the glass in a rear room door, according to the Lancaster County Sheriff's office.

Sunday Antelope Band Music Listed

The Lincoln Municipal Band will present a concert at Antelope Park Sunday evening at 7:30. Under the direction of John Shildneck, Jerry Lawson will present a vocal solo, "None But The Lonely Heart" and Jack McKie a trumpet solo, "Nephtune's Court."

The program:
Star Spangled Banner
Hornpipes, March, 4 numbers
Ophelia (Overture) - Offenbach
Hallelujah (For The Broken Heart) - Napier
Curtain Call
On Guard, Gaudin
From Airmen's Song
Waltz from "Pique" - Strauss

Claus Girl Shows Some Paralysis

Mary Jane Claus, 17, who is confined to an iron lung as a polio victim is showing some signs of paralysis, according to Mrs. Sigel, Lancaster County polo chairwoman.

Her brother, Jon, 19, died last week of bulbar polio and encephalitis. Another sister, Maggie, 16, under observation and both girls are in isolation at St. Elizabeth's Hospital.

The girls are daughters of Mr. and Mrs. Fred Claus, 2349 West O.

Utah Uranium Plant Rocked By Explosion

SALT LAKE CITY — A 15,000-gallon tank of sulphuric acid exploded in a uranium processing mill here Wednesday, injuring three men, one critically.

But a company official emphasized that it was not an atomic explosion.

"The uranium in the condition we handle it," said the general manager, W. B. Hall, "is not fissionable at all."

The blast occurred in a steel building of the Vitro Uranium Corp. plant about five miles south west of Salt Lake City's downtown section. The explosion smashed one corner of the building but did not damage other structures in the sprawling plant.

Hall said preliminary examination indicated the damage would amount to under \$20,000.

Hall said possibly a spark from a welding torch touched off the explosion. He said the blast occurred in a tank of acid, which is used to precipitate a crude uranium concentrate. The company produces uranium oxide. It is a division of the Vitro Corp. of America.

Ike Jumps Swiftly Back Into Political Role

Strategy Meet
With Hall
Called

GETTYSBURG, Pa. (AP)—President Eisenhower stepped swiftly back into a role of political leadership Wednesday and called a hurry-up strategy session with Republican National Chairman Leonard W. Hall.

Hall will hustle up from Washington Thursday to talk convention plans and campaign strategy with the man whose political intentions were clouded with some uncertainty as late as Tuesday.

Once Eisenhower let the word go out for a second time that he wants a second term, the GOP chairman was ready to huff it to Gettysburg for his first chat with the President since Eisenhower's intestinal operation June 9.

The Republican National Convention in San Francisco now is less than six weeks away, and there still has to be some planning for that and the campaign.

Presidential press secretary James C. Hagerty, who announced Hall's impending visit at the Eisenhower farm home Thursday morning, declared to say whether the President may embark on a schedule of more active, energetic campaigning than has been expected.

Eisenhower himself had pretty much ruled out campaigning and Hall had indicated the President might confine himself largely to a half dozen radio-television appeals to voters. But Senate Republican Leader Knowland of California, who disclosed Tuesday that Eisenhower is still saying "yes" on a second term, quoted the President as saying he planned to campaign vigorously this fall, at least on the foreign aid issue.

As to whether that indicated a stepped-up campaign pace for Eisenhower, all Hagerty would say was:

"Neither myself nor I am sure, the Republican National Committee have any intention of saying, now, in July or August, what we are going to do in September and October. We have quite a few plans, but we will wait until we get into a campaign. . . . We are not going to give any blueprints now."

Switzerland Fears Algerian Plotting

BERN, Switzerland (AP)—Federal and cantonal police took three Algerians into custody Wednesday on suspicion of planning an attack on the French Embassy and consulates in Switzerland but released them when they found no evidence to support the suspicion.

However, it was understood that a more careful watch will be kept at Swiss borders on Algerians entering the country.

Nixon Asserts
He's Still
In Race

WASHINGTON (AP)—Vice President Richard M. Nixon, home from a world tour, said Wednesday his April 26 announcement for renomination "has not changed."

He told reporters who met him at the airport: "In April I indicated I would be happy to abide by any decision of the President and the national convention."

"Since the President has indicated his decision to stand for reelection has not changed, the announcement I made in April has not changed."

Nixon had told reporters April 26 that:

"I informed the President that in the event that the President and the delegates to the (Republican) convention reached the decision that it was their desire for me to serve as the nominee of the Republican party for vice president that I would be honored to accept that nomination again."

Since Eisenhower on that date expressed his "delighted" approval of Nixon's decision, there has been general agreement that the 1956 Republican ticket will duplicate 1952's "Ike and Dick."

Sen. Knowland (R-Calif.) who passed the word Tuesday at Gettysburg that President Eisenhower had told him and others he would run again, was among the first to greet Nixon.

Knowland, Nixon and Republican Chairman Leonard Hall posed smilingly together for photographers. Hall has been proceeding for months on the stated assumption that the ticket will again be Eisenhower and Nixon.

The welcoming crowd of 400 also included ambassadors of most of the countries Nixon visited on his tour—the Philippines, Formosa, Viet Nam, Thailand, Pakistan and Turkey.

Nixon said he was sure the news that Eisenhower is definitely staying in the race would be cause for rejoicing in the countries through which he passed. He said that in all of them he found "tremendous respect and affection for the President of the United States."

Socialite Sues

SANTA MONICA, Calif. (INS)—A wealthy Beverly Hills Calif. society matron decided to wash her husband right out of her hair and sued the French detergent manufacturer for divorce.

Mrs. Vera Racolin Cameo charged in a Santa Monica Superior Court suit that her husband, Joseph Victor (Jeff) Cameo, was guilty of misconduct and cruelly and violated his marriage vows with another woman.

Laboratory Schools Discussed

Speaking on "Effective Laboratory Schools For Today" at an educational conference at the University of Nebraska were (left to right) Dr. Norman Thorpe, principal of University High School; Dr. Madison Brewer, director of elementary education for the University of Nebraska Teachers College; and Lucille Lindberg, professor of education at Queens College, Flushing, N. Y. The panel was part of the university summer session's Teachers College conference, "An Appraisal of Education Today." (Star Photo)

No Agreement In Concrete Strike Seen For Present

The concrete-truck drivers strike was still on early Thursday with apparently no sign of an agreement in sight.

Harold Hudson, NLRB inspector sent to Lincoln to investigate a management charge that AFL-CIO Teamsters Local 659 does not actually represent the strikers as it claims to do, was reportedly in Hastings Wednesday night on other business.

William Isbell, spokesman for the union, was reportedly in Omaha and would not return to Lincoln until Thursday.

A labor spokesman said that there had been no meeting between management and labor, other than a conference between lawyers of both sides last week.

A management source said that Hudson had not yet arranged a meeting between the two groups, but had talked with their lawyers. The strike was in its 22nd day Thursday.

Morocco Approved

GENEVA, Switzerland (AP)—The United Nations Economic and Social Council unanimously voted its approval of the admission of Morocco to the United Nations Educational, Scientific and Cultural Organization. The action was taken on a resolution introduced by France.

Legion Got Explanation If Movie Men Accused

... Vets Group Chief Outlines Setup

WASHINGTON (AP)—Congress was told Wednesday that the American Legion set up a system under which Legion posts around the country got an explanation from Hollywood if they accused any film figures of having Communist ties.

James F. O'Neil, a former national commander of the Legion and publishers of its monthly magazine, outlined the setup at a public hearing of the House Committee on Un-American Activities.

He did this in disputing earlier testimony by John Cogley, editor of a Fund for the Republic "report on blacklisting," that he was a "clearance man" who helped some entertainers who had been blacklisted for suspected Communist associations.

"Isn't Worth Paper"

The committee is investigating the Fund's report, which Chairman Walter (D-Pa.) said Wednesday "isn't worth the paper it's printed on."

O'Neil said any implication that the Legion participated in "damning anyone" or in "clearance of anyone" was "a distortion if not a deliberate untruth."

He said the Legion was interested in "rehabilitation" work and "made a major contribution in helping to restore a climate of employment for the innocent, the stupid and the repentant guilty" in Hollywood.

O'Neil said the Legion "considers the situation in Hollywood to be very, very good at the present time." He said this was a result of an informal arrangement with movie executives which he said worked in this fashion:

A local Legion post protested to

a movie exhibitor because someone connected with a film had alleged Red links. The exhibitor notified the moviemaker. The person involved was given a chance to make an explanation. The explanation was sent to the Legion post which initiated the protest.

Deacon Back As Humane Society Superintendent

Harold Deacon has returned to Lincoln as superintendent of the animal shelter house of the Humane Society, its board of directors announced Wednesday.

Deacon replaces Charles W. Thompson, who became superintendent April 1st, after Deacon had resigned to return to his home town, Missouri Valley, Ia., to begin work with an oil company.

Deacon had been superintendent for two years when he resigned last March and had been connected with the non-profit organization for the past three years.

New Land For Bases

We trust that Nebraska's Rep. A. L. Miller will pursue vigorously the discussion which he initiated in a letter to Air Gen. Nathan Twining. Rep. Miller wants to know why it is that the Air Force is not making use of air bases at Grand Island, Kearney, Alliance and Scottsbluff.

"I can see no reason why many of these former bases could not be adapted to present conditions with a minimum amount of land acquisition and physical expansion as compared with the acquisition of entirely new sites."

The same question is in the mind of a lot of

other people. Why new land and new construction when Uncle Sam already owns a lot of land—24 million acres to be exact—and bases already exist as a result of the training program in World War II? It is not the practice of the Air Force apparently, however, to utilize bases already in existence and there may be good reason why that is the policy, but at least the public should know unless matters of security are involved.

Mr. Miller will be performing a service if he gets the answer.

Forty-Six Years Young

Aurora faces a difficult school problem because the high school building which took care of part of its educational needs for nearly half a century was destroyed by fire.

The people of Aurora already have made plans to replace the structure, obsolete in architectural design and material, antiquated in the matter of modern conveniences and construction, to all intents and purposes a building which had served its purpose and was ready for the wreckers. The community now is engaged in constructing a new high school at a cost of an approximate half million dollars but in the meantime, due to the destruction of the old building, school authorities may find themselves

hard put to find adequate physical facilities for the opening of school next September.

The circumstances project a part of Nebraska's school problem. Expenditures for new school buildings in Nebraska in recent years have been to provide for a constantly increasing school population and not to replace buildings, which long ago had outlived their usefulness. Nebraska could spend a lot of money on modern school construction in the next ten years but for reasons known to all of us, chances are that many communities in the state will continue to drag their feet—not because they want to, or because they are niggardly when it comes to education. The tax load is about all the average taxpayer can bear.

It Looks Good In July

It was a bright early July federal crop forecast that set Nebraska's expected 1956 corn yield at 103,624,000 bushels.

That is in sharp contrast to last year's drought-stricken crop which slid to a final harvest figure of 85,200,000 bushels—one of the poorest corn years in recent times, one that discounted the Nebraska economy by approximately \$150,000,000.

There is only one striking memory of July crop reports. A year ago there was prospect of approximately the same yield as indicated in this week's forecast. It was after July 1 that

the figures began to be revised downward. We are not out of the woods yet. If nature has been more favorable thus far in 1956 it must continue to be so through the balance of July and August. Nebraskans will watch the skies with close attention these coming weeks.

However, it is significant in this July forecast that Nebraska with over a million acres withdrawn from corn production since 1953 maintains the human enterprise to hold production close to the 200 million bushel mark. The greater employment or irrigation, improved seed and farming techniques thus far have defied human efforts to limit production. The fact proposes a major question to the administration's latest effort to curb surpluses through acreage elimination by soil bank means. Earlier withdrawals of acres did not achieve the end. The scourge of high operating costs and subparity prices gave a survival drive to production stronger than the deterrent of acreage limitation. There is no sign that that force has relaxed.

Turkey Is Slipping

Things are not going well in Turkey. It is headed for totalitarian rule as a combined result of industrial and commercial over-extension and the too strong will of Premier Menderes.

Menderes was stopped last year by a resisting parliament but his reform was short-lived. He has again censored the press and is attempting to purge the judiciary.

It adds up to one thing. The postwar movement toward the West and toward democracy which was and still is popular with the Turkish rank and file prospered under the generous attentions of the Truman administration but has overrun the nation's economy.

The situation is dangerous to both the West and to the United States for Turkey has proved a veritable bastion against Communism and if it is to continue to be so it must have smoother domestic sailing. It is unfortunate at this time that Congress is cutting back its foreign aid and it is a criticism of administration statecraft that the dangerous decline of Turkey has been permitted to go on. There is no use to seek the new national volunteers to the West while allowing stalwarts of the past to decay.

Bricker And Lampreys

Congress has taken a clear and unequivocal position on lampreys. It is against them, and has voted \$1.8 million to do them all the harm it can in the coming three years.

Lampreys are eel-like creatures which hook riders on fish, feeding on them to the death. Then they find another fish. In recent years they have been flourishing in the Great Lakes where one lamprey can consume 20 to 40 pounds of fish in a year and a half and lay 61,500 eggs every spawning season. They have a special taste for whitefish and trout which are commercial fish. The loss they are causing is running close to \$10 million annually. Lampreys are naturally salt water inhabitants but in course of time they worked their way up the St. Lawrence River into the lakes. They can stand the fresh water lots better than fish can stand them.

The war on them is the result of a treaty made in 1954 between Canada and the U.S. It will be carried on with chemicals and electric fences.

The Denver Post is all in favor of the war, but not in favor of Senator Bricker. It notes that if he had prevailed in getting his amendment passed limiting the treaty-making powers of the President there probably would not have been a treaty to get rid of lampreys. This would have been hard on everyone except the lampreys.

Ex-Nazi Cartel After Huge Sum

WASHINGTON — Some of the cleverest backstage lobbying in this session of Congress has maneuvered a bill for the return of German property out of the Senate Judiciary Committee onto the Senate consent calendar where it may sneak by the entire Senate.

It means a giveaway of half a billion dollars, with the big German cartels who manufactured arms for Hitler being the chief beneficiaries. U. S. taxpayers will have to make up the half billion.

In order to camouflage the German giveaway, the bill is dressed up in some high-flown language about compensating nationals of the United States who have war-damage claims. And while former POW's do get some benefit, the chief benefit goes to I. G. Farben, the giant Nazi cartel, and the former owners of American Bosch, Schering, North American Rayon, etc.

Behind the slick lobbying maneuver are half a dozen of the most potent public-relations firms in the U. S. A. plus several pro-Nazi German-Americans.

Strange thing is that Sen. Olin Johnston of South Carolina, who has hardly a German voter in his state, is pushing the bill though he doesn't like too much publicity about it with his buddies in the American Legion. Olin was once state Legion commander.

POLISH REVOLT

Here is some unwritten history regarding a previous revolt behind the Iron Curtain which may point to ways of helping the people of Poland today.

In June, 1953, immediately after East Berlin workers tackled Red tanks with bottles and bare hands,

crying for food, I suggested to Jimmie Riddleberger, then in charge of the State Department's German desk, now ambassador to Yugoslavia, and to Gen. "Beetle" Smith, then undersecretary of state, that U. S. food surpluses be given the hungry rioters by private American service groups.

The Lions, Kiwanis, Rotary clubs, I suggested, together with the American Legion, VFW, AMVETS, Junior Chambers of Commerce, would probably be delighted to help finance the purchase and distribution of surplus-food. If the offer was turned down, then East Berliners, with no boundary to worry about, could come across to West Berlin and pick up the food themselves.

LIONS CLUBS READY

So I went down to see Secretary Benson. He brought in five of his top executives. They were polite, cordial, noncommittal.

"The executives of the Lions International," I explained, "are ready to buy your wheat at the same support price you paid for it — \$2.60 a bushel — and butter for the support price you paid — 60 cents a pound. They would like to take delivery immediately — this week in West Berlin."

"Will you write me a letter about this?" requested Secretary Benson. "I have already written one," I said, and pulled it out of my pocket.

Days passed—a total of three weeks. No word from Benson. Finally Riddleberger phoned to say that he had taken \$15,000,000 out of the State Department budget to offer food to the East Berliners.

DORIS FLEESON

Keynoting Clement Compromise Choice

WASHINGTON — Tuesday was a happy July 10 for the Republicans.

The propaganda campaign to convince President Eisenhower and the voters that his ileitis operation was no worse than a bad cold reached its planned climax in the offhand announcement by Senate Majority Leader William F. Knowland that, of course, the President would run again.

In their morning newspapers Republicans savored the news that the Democratic convention keynoter would be Governor Frank Clement of Tennessee. Clement told reporters at the recent governors conference that his state did not have a single desegregated school.

The greatest single fear of Democrats in the coming election is that the Negro vote in the pivotal states will desert then on the civil rights issue.

What happened at the meeting of the Democratic arrangements committee is that the Northerners were asleep at the switch and the Southerners out-operated them. First, the Southerners managed to tie the vote between Senators Robert S. Kerr and Hubert H. Humphrey, both satisfactory to Adlai Stevenson. Then a compromise was demanded by the South.

The Northerners are now explaining that they did it for unity's sake. They also argue that Clement was the first governor of a Southern state to veto a racial segregation bill.

That the Eisenhower announcement was coming in some such form as it appeared has been clear for a long time.

BOB CONSIDINE

Ike Underplayed His Second Lines

NEW YORK—People...Places...Things...

The President "threw it away," as they would say on Broadway. No trumpets, no clearing of the throat, no eye glitter. He released the news that he'd run again through Sen. Knowland.

The effect, one resident pundit in Washington said, was one of "Why, of course!" rather than "after considerable soul-searching, I have come to the conclusion, things being what they are, etc." It relieved Eisenhower of the (to him) humiliating task of standing up before the evil red eye of a TV camera and telling the American people all over again that he feels he's physically fit to carry on. He underplayed the line for which the country's voters, pro and con, were so tensely waiting. The obvious way of doing it, by personal announcement, would only have complicated his return to the presidential race.

Feature exhibit at the cocktail party which Builder-Architect Ian Woodner tossed for Washington Manager Chuck Dressen during the All Star baseball game frivolities, was what Woodner calls the "Scam" in the apartment hotel that bears his name. Incidentally, the Woodner is the largest such place on earth.

Seems that the F.H.A. with which Woodner has had some publicized experience, would give him only

up to \$5,000,000 with which to build what he wanted. Woodner dreamed of a \$10,000,000 pleasure dome. The F.H.A. said never! So the fellow asked, "Suppose I build two five million dollar places side by side?"

The genius behind the desk thought that one over for a while and okayed it, provided there was a legal separation between the buildings. There is—darn near an inch—but you'd never notice it unless Woodner pointed it out.

Toots Shor, the Democratic publican, picked up his ringing telephone—while being visited by Jackie Gleason—listened for a time and then said to the world's richest fat man, "Lard, you think you're the greatest but you're nothing. They want me! They want me everywhere, this fellow just said. They want me on television."

"I know," Gleason said, "Zoo Parade."

MAN'S BEST FRIEND

He Grows Before Your Eyes

By ALLEN EDEE

Star Staff Writer

Ever see a movie of a blooming flower speeded up so that the plant grows before your eyes? Well, you don't need a camera to see the amazing growth of Duke, the German shepherd owned by the Floyd Orrs of 5320 Francis.

The canine, now eight weeks old, grows almost so fast that when one stoops to pat him on the head, he touches his leg instead. Duke is no freak with thyroid trouble but just a breed of dog that gets big and does it fast. Duke "eats all day," according to his masters, and who could blame this youngster, who is as big as a cocker spaniel but still in early stages of puppyhood.

Two-year-old David Orr was a little tough on Duke when the shepherd first arrived at the Orr home. But Duke now wrestles David to the ground and jumps on top of the boy.

Don't believe it when someone (not a canine) tells you these are dog days. Duke hates these hot days as well as any human who doesn't have an air-conditioner blowing on him.

So Duke has made a playmate out of the garden hose to provide respite from the heat. The puppy mixes right into that jet stream of water and stays in it until his furry black body is soaking with delicious cool water.

During the summer, Duke has permanent sleeping quarters outdoors. The Orrs figure Duke's coming size will make him the outdoor type and it is good practice for night watch-dogging. He is even beginning to brave the terrible night noises humans call crickets.

It was a hard choice to choose

(Star Staff Photo)

DAVID ORR AND DUKE

...a watchdog braves the crickets...

a particular dog among seven females and four males in the litters of puppies that the Orrs saw at the kennels. But the master of the house picked the largest pup because he believed it would be the healthiest. And you can't say the choice was a poor one for Duke plays and eats like a tiger cub.

And one would almost want a row of iron bars in front of Duke when the canine is given a piece of steak to devour.

Then a minute later a cute little ball of fur curls up to sleep looking like an unprotected baby instead of the great protector he is supposed to be.

The People Speak

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name and address. Letters represent only contributor's view.

Civil Defense

Lincoln, Neb.

To the editor of The Lincoln Star: Civil defense is asking the county and city to give it \$25,000 for the next fiscal year and a raise in salary for the director. It's the biggest joke ever put over on the people. No one pays any attention to it except those on the payroll.

BEN KECK

Election Cost

Lincoln, Neb.

To the editor of The Lincoln Star: Exactly \$14,747.34, or nearly \$15,000, was the cost of the multimillion-dollar special election. In addition to this, there was the \$9,000, or \$4,500 each, contributed by the county and city out of public funds. This amount of cash would buy a lot of sewer pipe, and not too many years ago with \$24,000 on the barrel head, one could buy a pretty fair farm. This was the price of discovering beyond the peradventure of any doubt that the sovereign voters and taxpayers are against the city-county building authority proposition.

There were 21,067 voters against the proposition and only 3,890 for it, which should convince skeptics. The farm folks never went for the city-county building idea, even remotely. Highland precinct voted 100 per cent against the proposition, thereby setting an all-time record for the opposition.

What this community needs is a 50 per cent reduction in taxes. This would prevent an accumulation of idle public funds to be appropriated for lost causes, the most recent lost cause being the purported city-county building authority.

LEO N. BARTUNEK

The Little Farmer

Omaha, Neb.

To the editor of The Lincoln Star: "Agriculture is now big business," says Earl Butz, assistant secretary of agriculture, "and too many people are trying to stay in agriculture..." So President Eisenhower is leading a "dynamic crusade" to liquidate a "burdensome surplus" of marginal, inefficient, family type farmers. Statistics show "this administration" has already "physically incorporated" 600,000 farm families into soil bankruptcy since the "crusade" began. Two million more have been driven "to the brink" and figuratively marked for slaughter as soon as the elections are over—that is, unless the American people make an "agonizing reappraisal" and organize a "massive retaliation" at the ballot box November 6.

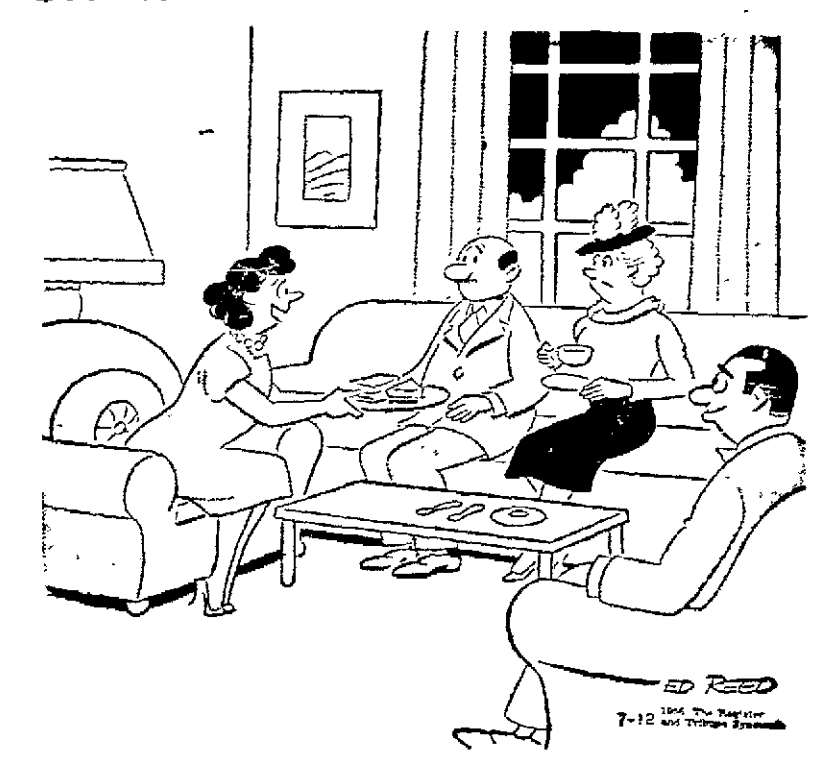

E. M. GLEASON, JR.

What Really Happened

Lincoln, Neb.

To the editor of The Lincoln Star: I am enclosing the Reston column which appeared in the Sunday issue of The New York Times and which it seems to me tells the full story of the failure of President Eisenhower's school aid bill. I think the people ought to know that the President himself fell down badly on the job, and it was his own party that made the slick maneuvering of Southern Democrats opposed to the bill truly effective. Reston noted that while the President was against the Powell amendment to the school construction bill (which would deny federal funds to states not carrying out the Supreme Court decisions) 148 Republicans voted for it. And while the President was for any bill that would "build more schoolrooms" only 75 Republicans voted for the Kelly bill that lost by

Rain Damage Study Of Morrill Spans Ordered

Gov. Anderson Wednesday asked the State Highway Department to survey the extent of bridge damage in Morrill County from recent heavy rains.

Division Engineer T. C. Middle-
swart of Bridgeport will make the survey, Deputy State Engineer Henry Schlitt reported.

The governor said the inspection would determine whether or not the county can meet the situation, or if it will require use of the \$50,000 storm emergency fund set up by the Legislature.

Gov. Anderson said he has asked the attorney general for an opinion as to whether the state fund can be used, and under what conditions.

A. C. Tilley, regional Civil Defense director in Denver, told the governor his office already had made a preliminary survey, so he was acquainted with the problem.

Before federal funds can be obtained in such an emergency, the governor explained, there must be a determination of the extent to which the county or state can meet the situation.

Services Held For Lorton Youngster

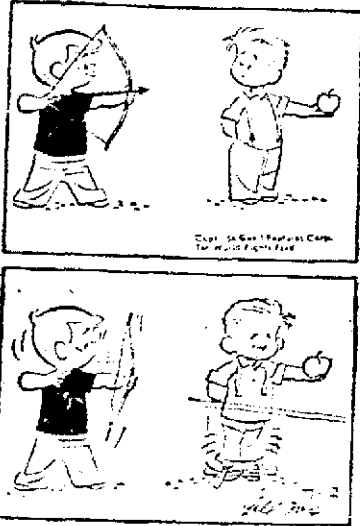

Lincoln Star Special

TALMAGE, Neb.—Funeral services for Marcia Elizabeth Meyer, 5-year-old daughter of Mr. and Mrs. Adolph Meyer of Lorton, were held Wednesday at the St. John's Evangelical and Reformed Church at Talmage.

Her death followed a five month's illness.

Surviving are her parents.

WILBERT

Hastings Levy Drops

HASTINGS, Neb., (AP)—Hastings taxpayers will pay a levy of 14.5 mills to raise the \$420,000 for operation of the city government during the fiscal year starting Aug. 1.

The levy compares to 14.92 mills a year ago and 15.03 mills two years ago.

—Wheat Harvest—

Kearney's Crop Tops Forecast

... Some 30 Bu. Yields

By The Associated Press
With the wheat harvest about half completed in the Kearney area prospects indicated a better-than-expected yield.
One observer said "quite a few" farmers reported yields above 30

Nebraska News

bushels per acre and even the poorest fields have made 15 bushels.
F. R. Dungan who lives on the Newark road, reported a yield of 38 bushels per acre. Summer fallow wheat was by far the best, observers said.

Both upland and valley corn appear in excellent condition after recent rains and should another rain reach the upland corn about the time it arrives at the tasseling stage—in a week or 10 days—prospects for a good corn crop would be materially brighter.

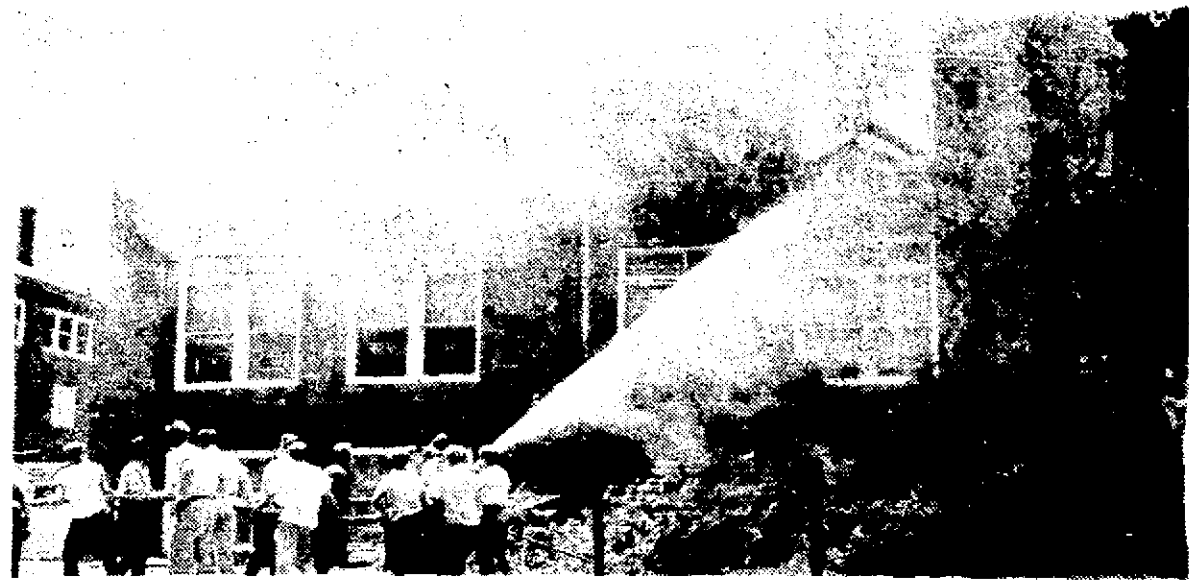

The harvest began this week in the Alliance area with early returns showing wheat testing 61 to 64 pounds and moisture 12 per cent and below.

Firemen Fight Aurora School Blaze; Cause Undetermined

Firemen are shown fighting the blaze which gutted the inside of the Aurora High School building, leaving only the walls standing. Men from the state fire marshal's office who went to Aurora Wednesday said the cause of the \$250,000 fire is undetermined, but Assistant Marshall G. E. Ekstrand said they are "not totally satisfied" with their findings and will investigate further when some of the debris is cleared away and it is safer to enter the building. The 46-year-old building, which housed high school, seventh grade, eighth grade and two fourth grade classrooms and a cafeteria, was to be used for a grade school after a new \$490,000 high school building is completed. (Photo Special to The Star).

Air Force Urged To Utilize Nebraska WWII Air Fields

WASHINGTON (AP)—Rep. A. L. Miller is urging the Air Force to make use of World War II air bases at Grand Island, Kearney, Alliance and Scottsbluff.

He told Gen. Nathan Twining, Air Force Chief of Staff, that he

Nebraska News

thought these sites could be readily adapted to the dispersal program of the Air Force.

Noting that this year's military construction legislation authorizes a number of new bases, Miller said he thought more effort could be made to utilize some facilities of World War II.

"I can see no reason why many of these former air bases could not be adapted to present conditions with a minimum amount of land acquisition and physical expansion as compared with the acquisition of entirely new sites," he said.

Miller said the Defense Department now owns or controls more than 24 million acres of land in continental U. S. and was applying for the veterans' of an additional 10 to 15 million acres.

It seems to be the policy now for the Air Force to first only acquire new land and new bases, resulting in a tremendous

Dr. Olson Will Help Organize Saline Society

Lincoln Star Special

WILBER, Neb.—The superintendent of the Nebraska Historical Society, Dr. James C. Olson of Lincoln, will speak at the organization's annual meeting of the Saline County Historical Society, next Tuesday night.

He will help in the forming of the county unit which is being organized under the direction of Mrs. J. A. Dunsen, of Dorchester and J. T. Vosco of Wilber.

Also attending the meeting will be Dr. William D. Archibacher, who will succeed Dr. Olson as superintendent of the state group. Dr. Olson has been named chairman of the department of history at the University of Nebraska.

Stewart Named City Engineer At Hastings

HASTING, Neb.—T. R. (Bob) Stewart, formerly of the Francis R. Orshek Inc., contracting firm of Fremont, has been appointed Hastings city engineer at a salary of \$9,600 a year.

He replaces Harold R. Williams, engineer since 1951. Williams will remain in the department.

expanded defense empire, rather than trying to adapt and make use to the utmost the facilities it now controls.

"This situation exists in spite of the fact that we are not engaged in a war and at a time when we should be devoting every effort possible to internal economy," Miller declared.

Auburn Crash Victim's Rites Slated Friday

Lincoln Star Special

AUBURN, Neb.—Services for Everett Elliott 44, who was killed early Wednesday in an auto accident, will be at 9:30 a. m. Friday at St. Joseph's Catholic Church here.

Sheriff George F. Kelley said Elliott lost control of the car on a curve and the vehicle rolled over, throwing him out.

The mishap occurred on U. S. Highway 73 seven miles north of here. His death brings the Nebraska traffic toll to 147 compared with 131 on the same date a year ago.

Mr. Elliott was married and operated a cleaning establishment, was a member of the Auburn Rotary Club.

The Rev. Fr. Harold H. Birkel will officiate at the funeral. Burial will be in St. Joseph's cemetery.

The rosary will be said at 8 p. m. Thursday at the May and Timm Mortuary here.

Surviving are his wife, Charlotte, daughters, Mrs. Shirley Court-

ships of Bamberg, Germany, and Janet and Denise, at home, his parents, Mr. and Mrs. LeRoy El. Lott of Plattsmouth, Neb., brother Ernest of Plattsmouth, William of Santa Rosa, Calif., and Keith of Storm Lake, Ia., and a sister, Mrs. Melba Teudrick of Junction City, Kan.

Grand Island Seeks Lutheran Academy

State Church Group Meeting July 17 Through 20 At Hadar

GRAND ISLAND, Neb. (U) — W. R. Hyer of Grand Island, has Grand Island has a special interest in the Nebraska District Convention of the Lutheran Church—Wisconsin Synod to be held at Hadar, Neb., July 17-20.

Grand Island is one of the cities being considered as a location for a proposed Nebraska District Academy.

A minimum of 20 acres is needed to develop this Lutheran High

school. The Rev. Immanuel Frey of Denver, president of the Nebraska District, is expected to ask the committee for its report on the sites Tuesday, the opening day of the convention. The official vote probably will be taken the following day.

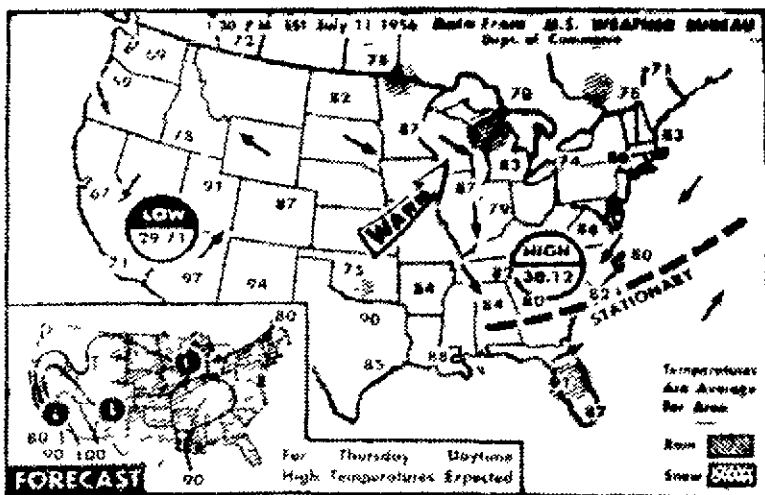

About 140 pastors and teachers and lay delegates are expected to attend the gathering.

Another important decision to be made at this meeting will be the evaluation of the Wisconsin Synod's protest to the Missouri Synod for the latter's "common confession" with the American Lutheran Church.

Nebraska News

School for boys and girls, particularly for those who wish to serve the church as pastors, teachers or missionaries. The campus will include dormitories for boys and girls, a recitation hall, gymnasium, dining hall, and homes for members.

A committee headed by the Rev

Showers Forecast For Most Of Nation

Most of the country will have scattered showers and thunderstorms Thursday. Exceptions will be the middle Atlantic coast states, New Mexico, Nevada, southern California and southwest Texas. Warm weather will prevail in Ohio and Tennessee valleys and extreme New England with little change elsewhere. (AP Wirephoto Map)

2 Kearney Youths Win Elks Awards

CHICAGO (U) — The Benevolent & Protective Order of Elks announced awards of \$32,800 in scholarships to 58 winners in the order's most valuable student contest.

Diane Kasie, 17, of Conway, Pennsylvania, and Edward C. Muns, 18, Miami, Ariz., each received a \$1,000 scholarship as winners of first place in the most valuable student contest.

Winners of \$500 awards included John M. Thomas, Kearney, Neb.

A \$500 award went to Jean A. Nelson, also of Kearney.

Good Safety Record

Towns Making Formal Protest On Rail Change

RED CLOUD, Neb. (U) — Representatives from 14 communities met in Red Cloud and decided to make a formal protest against the application of the Burlington Railroad to discontinue trains No. 15 and 16 between Wymore and Oxford.

The meeting also decided to ask the State Railway Commission to hold a hearing in Red Cloud, and to ask the railroad to reinstate train No. 15 on Sunday and No. 16 on Monday. The trains just go one way on those days.

The group also wants mail service reinstated on those trains. The meeting picked Red Cloud Chamber of Commerce President Ted Burgess as chairman.

Abandonment Is Requested

WASHINGTON (U) — The Chicago & North Western Railway asked the Interstate Commerce Commission Wednesday for authority to abandon 114 miles of branch line in Eastern Nebraska.

The line is between Scribner, in Dodge County and Oakdale, in Antelope County. The company said the branch has been operated at a loss in recent years and there is no prospect for a

Horse Show Planned

HASTINGS, Neb. — The Hastings Saddle Club will present its first annual horse show July 29 at the Adams County Fairground. Here, President George Green of Inland said invitations have been sent to 32 saddle clubs.

PARLIAMENT CHEERS BULGANIN'S PLEDGE TO ABOLISH HEAVY WORK FOR WOMEN

By STANLEY JOHNSON
MOSCOW — The Soviet Parliament cheered Wednesday a promise by Premier Nikolai A. Bulganin that the use of women for heavy labor in the Soviet Union will be abolished "in the near future."

The 1,300 deputies in the Supreme Soviet heard this pledge during a speech on a new pension bill recently announced by the Council of Ministers. Bulganin said heavy labor by women already had been greatly reduced. Foreign tourists invariably remark with astonishment on the sight of Soviet women carrying bricks, paving streets, running steamrollers, manning cranes and doing much of the country's heavy unskilled work.

Comment Foreseen
The promised emancipation of the women from this sort of work undoubtedly will arouse much comment throughout the country, already intrigued by a campaign to downgrade the dead Stalin. But in this respect, Premier Bulganin voted a note of caution.

Without mentioning the late dictator by name, Bulganin denounced those who might seek to take advantage of the campaign against the "cult of personality," adding that the working masses of the Soviet Union and all progressive humanity know the correctness of our policy.

Bulganin plodded through an hour and 12 minutes of prepared text. The Shah of Iran, Mohamed Reza Pahlavi, and his empress, Soraya, watched and listened with earphones to a translation. Another visitor, seated inconspicuously

behind a row of Soviet leaders was Kim Il Sung, Communist premier of North Korea.

Khrushchev Leaves
The Shah and Empress Soraya sat through the whole speech, but Communist party boss Nikita S. Khrushchev did not. As is often his habit on such occasions, Khrushchev got up in the middle of Bulganin's address, and after a few remarks to Vice Premier V. M. Molotov, walked out of the hall. Khrushchev had not bothered to attend earlier separate meetings of the Parliament's two houses, the Council of the Union and the Council of Nationalities.

At these meetings, the two houses approved an appeal to parliaments of the world for support for Soviet disarmament proposals. The two houses also backed

a call of the Japanese Parliament for an end to nuclear weapons tests.

Unanimous approval was given by the two houses to decrees adopted by the Supreme Soviet's Presidium since the Parliament's last meeting in December; to adoption of the new law on increasing pensions; to consideration of an "appeal" from the Karelo-Finnish Republic to dissolve itself and be incorporated in the Russian Soviet Federated Socialist Republic, the largest of the 16 Soviet Republics. There had been no advance notice of the Karelo-Finnish item. The republic, a relatively tiny one, was formed in 1940 from territory bordering on and ceded by Finland after the Soviet-Finnish war.

Bulganin also discussed the economic plan's progress for the first six months of 1956, saying it was overfulfilled 12 per cent. He said milk production increased 45 per cent over the same period last year, indicating the full extent of the shortage.

Omaha Finance Firm Files For Incorporation

Frederick S. Cassman and Jacqueline Tucker filed incorporation papers Wednesday for the Thrifty Finance Company, Omaha, with \$25,000 authorized capitalization. A-R-L Corporation of Omaha, a real estate firm, also filed with the secretary of state. Authorized capitalization is \$10,000 and incorporators are Lewis R. Leigh and Daniel D. Koukal.

Thursday, July 12, 1956 THE LINCOLN STAR 11

STANTON DELAPLANE

POSTCARD

Whenever I see the movies with all the cowboys a-snootin' away at the old red-eye, I think what a chunk of nonsense we are saving off on the export market overseas. You know the scene—

"What'll it be, stranger?" says the bartender, looking mean.

"This'll do for me," says Gary Cooper, reaching for the call whiskey on the bar and looking just as mean.

In the old days (of the movies), William S. Hart used to answer, "I'll take sarsaparilla." And if anybody laughed, he would take out his six-gun and mow them down. Looking mean all the time.

Well, I believe now the old-time movies were right and the new-time movies are wrong.

When the weather gets hot in Texas, soft drinks are what keeps Texans alive. Everybody looks

mean for it is mean weather. If anybody laughed at me today for any reason, I would mow them down.

I drove across the Red river and down to Denton, Texas.

The road runs through Gainsville, which once made history by nailing 40 Jayhawkers at one crack. Denton now is a college town. The North Texas State Teachers College. But in early days, it was a hangout of Sam Bass, the outlaw who became famous mostly through the "Ballad of Sam Bass."

That was Sam who came to Texas "a cowboy for to be. A kinder-hearted feller, you'd seldom ever see."

The song goes on to relate: "Sam used to deal in race stock, one called the Denton mare. He watched her in scrub races, and took her to the Fair. Sam used to coin the money and spent it just as free. He always drank good whiskey, wherever he might be."

If this is true, I suspect this is what drove poor Sam crazy. It probably boiled up inside of him.

Sam drove a herd of cattle up to South Dakota with Jori Collins. And when Collins blew the money from the cattle, they held up a Union Pacific train for \$65,000.

From there Sam went on and on, adding stanzas to the ballad. Until he walked into Round Rock one day and the Texas Rangers put so many leaks in him he could not even hold sarsaparilla.

GOLD'S of Nebraska

men, women...

you need not be grey

Grecian Formula 16

TRANSFORMS GREY HAIR TO A NATURAL LOOKING COLOR SAFELY—EFFECTIVELY

No one will need to know the secret of your younger looks! Grecian Formula 16 is an application you apply right at home. A clear, fragrant liquid you use daily until the grey in your hair disappears. No harsh or sudden change. G-R-A-D-U-A-L-L-Y day-by-day, the grey goes and lively, younger looking color returns! Not a tint or cool tar dye. Laboratory tested and guaranteed for wonderful results in as little as ten days to three weeks . . . or your money refunded.

* Perfected and successful in Greece for 30 years. Now licensed to, and reproduced by American chemists for use in U.S.A. and Canada.

Soft Drink, Anyone?

Truckdrivers for the Wichman Distributing Company of Fairbury are shown busily scooping up broken pop bottles after a semi-trailer loaded with about 10,000 bottles of soft drink tipped

over on U. S. Highway 77 ten miles north of Beatrice. The accident occurred when the drivers attempted to change tractors after a motor failure on the tractor pulling the trailer.

The mishap limited traffic to one-way for several hours until the mess was cleaned up. It was estimated about one fourth of the load was lost (Star Staff Photo)

Federal Money For Ft. Atkinson Survey Possible

There was still some possibility that federal funds might be made available to augment the Nebraska Historical Society's preliminary investigation for an archaeological survey of Fort Atkinson, Dr. James C. Olson, director of the society said.

Olson said it had appeared funds would not be available after consulting with regional officials of the National Park Service. However Olson consulted with Senator Carl Curtis to see if anything further could be accomplished to get the \$3,500 in federal money to aid the survey.

The Society began its preliminary investigation of the site in the middle of June. Fort Atkinson is located at the east edge of Fort Calhoun, near Omaha.

Kerr Plan Would Drop Women's Soc. Sec. Age

WASHINGTON (AP) — Sen. Kerr (D-Okla.) Wednesday offered a compromise amendment to the Social Security bill to permit working women and wives of retired husbands to start receiving retirement benefits at age 62 instead of 65 as under present law.

Under the proposal, the working women would receive 80 percent of their age 65 benefits if they elected to retire at 62, the same 75 per cent. These would be graduated upwards if they went on the Social Security rolls at an age closer to 65.

The Kerr amendment is the one which Democrats are banking on to restore the lower retirement

age for women to the bill when it comes up for floor debate, possibly next week.

Opposed

The House voted age 62 retirement for all groups of women covered by Social Security, but the Senate Finance Committee eliminated this for all but widows. The Eisenhower administration opposed the House provision.

The House version provided for the same payments at 62 to which women now are entitled at 65. It also carried increased taxes to finance them.

Kerr said his graduated plan would not require any tax increase since wives or working women retiring under the proposal at 62 would get about the same total retirement benefits spread over a longer period as they would receive if they waited until 65.

About 600,000 working women and wives would become eligible for retirement at once under the amendment.

Education Workshop Set At Wesleyan

Dr. Gerald S. Craig, specialist in the field of science education for elementary schools, will conduct a five-day workshop at Wesleyan University Monday through Friday.

Dr. Craig, who is one of the nation's leading science educators, will lecture on the importance of science in the elementary school curriculum and on the development of science teaching methods. The workshop will be held in the laboratory building on the Wesleyan campus.

The daily workshop program will include two lectures by Dr. Craig, who is a pioneer in the development of elementary science both as a planner of curricula and as a teacher of textbooks and lectures. Demonstrations in the natural and biological sciences by Dr. Craig and Prof. Carroll of Wesleyan will be given.

The demonstration school, directed by Prof. Nellie Clark and Mrs. Helen Shaw, will create a laboratory situation where a select group of elementary school children will form a typical classroom for observation by elementary teachers.

Dr. Milton Evans, director of Wesleyan summer sessions, said the workshop will be open to all who wish to attend.

Federal Complaint Against Kearney Escapee Made

A Federal escapee complaint has been made against one of the four teen-age boys captured in a stolen car near Grand Island after fleeing the Nebraska Training School for Boys at Kearney, Ass't. U.S. Atty. Dean Wallace of Lincoln said Wednesday.

Wallace said Danny Roupell, 16, of Superior, Okla., has been charged before U.S. Commissioner John McCarthy at Grand Island with escaping federal custody.

Bonner had been committed to federal custody for two years by a U.S. District Court in Oklahoma on a juvenile delinquency complaint growing out of a D.C. Act violation.

Grand Island police apprehended the Kearney escapees after chasing their stolen car and firing a charge of buckshot which smashed a rear window.

The other youths were identified as Robert Tiff, 16, of Lincoln; Dias, 15, of Scottsbluff; and Earl Seymour, 17, of Sturgis, S.D.

SUBURBIA

Mrs. Walter Peterson, Mrs. Don Shilling, Mrs. Robert Robinson, and Mrs. Charles Rider will entertain at a picnic luncheon Thursday afternoon at the home of Mrs. Peterson, in farewell courtesy to Mrs. N. M. Lynch, who is leaving the neighborhood. The guest list will include children of the hostesses, Mrs. Edward Dierks, and Mrs. Raymond Brinkman and her five children. Maj. and Mrs. Lynch and their children will be moving soon to their new home — a truly "country" home — west of Lincoln, near Goehner.

Heard that several neighbors on Eldora Lane, including Mrs. Delos Moulton Jr., Mrs. Robert Wendell, Mrs. Harold E. Birch, Mrs. Frank Stelina, Mrs. Ben Potts, and Miss Nina Anderson, are planning a "get-acquainted" coffee Friday morning at the home of Mrs. Tom Foster.

Presume that friendly "adieu" will be extended to Mr. and Mrs. Robert Fox, Ron, Debra, and Bruce, when they leave July 20, for Ankara, Turkey, where they will be residing for two years. The Foxes will fly from New York, and spend a month traveling in England, Holland, Switzerland and Germany before going on to Turkey. While in Germany, they will board a Rhine Steamer, and stop at several points where Mrs. Fox's grandparents lived. If time allows, they plan to spend a week in Paris.

Mr. Fox is a member of the staff at the University of Nebraska, College of Agriculture, and he will join other members, who have gone to Turkey from Lincoln, at the University of Ankara, where they are working on the I. C. A. program, which is a cooperative project to set up a new University in Turkey.

Enjoying a picnic and refreshing swim at Linoma Beach last Sunday were Mr. and Mrs. Lloyd Lipstreu, their children, Gary and Debbie, and Mr. and Mrs. Arthur Whisenand and their family Vickie, and Billy.

Little Lu Anne Otto was as excited as her parents, Mr. and Mrs. Darel Otto, when her brand new little sister, Patricia Lynn, arrived at Lincoln General Hospital, July 3.

Understand that visitors at the home of Capt. and Mrs. Robert Robinson, are Mrs. Robinson's grandmother, Mrs. W. M. Sil-

vey, her father, S. M. Giger, Versailles, Mo., who arrived Monday to spend a week in Lincoln.

It will be a special occasion for Mr. and Mrs. S. E. Dillow and their six children when they attend the family reunion, this Friday at the home of Mr. Dillow's family. Mr. and Mrs. A. F. Dillow, Wymore, for they will be joining relatives from New York, San Francisco, Calif., and Richmond, Va., for a picnic supper.

Leaving last week, after spending three weeks with Capt. and Mrs. Charles Schisler, Charles, III, and Mark, were Mr. and Mrs. George Fesko, Johnstown, Pa. and Mr. and Mrs. Charles W. Schisler, Sr., Wrightstown, N. J.

Tommy Stewart, son of Mr. and Mrs. T. J. Stewart, Lake City, Fla., is leaving this week, after spending three weeks with his uncle and aunt, Mr. and Mrs. Walter Peterson.

What fun it was for members of the younger set to dress in their party clothes Wednesday afternoon, when they were escorted by their mothers to the birthday party for "Little Miss Three" Deborah Joy Lane. Mrs. John Lane and Debbie entertained Mrs. Earl Valentine and Scott; Mrs. R. W. Fahnestock, Jill and Bobbie; Mrs. Pete Peterson and Allen; Mrs. Jack Sweney and Timmy; Mrs. Francis Whitney and Michael and Hugh Davis.

Learned that Mrs. R. W. Fahnestock and her children, Jill and Bobbie, spent Sunday, Monday and Tuesday in Scribner, visiting Mrs. Fahnestock's mother and step-father, Mr. and Mrs. Herman Low.

Mention of Mrs. Fahnestock reminds us that she and her family also will spend the day in Scribner next Sunday, where she will serve as one of the hostesses for a bridal shower honoring her sister, Mrs. Robert Lambert, who was married in Scribner on June 24.

To Entertain

Mrs. Howard Deems will be hostess at her home Thursday morning at a 10 o'clock coffee. Her guests will be the executive board members of the Lincoln Council of Parents and Teachers. Mrs. Deems is the new president of the PTA council.

Young Set In The News

MANY OF the names that make news this morning belong to Lincoln's younger set who are doing this and that here and there. We heard, for example, that Miss Phyllis Williamson, Miss Nan Carlson and Miss Helen Kalin were in Omaha on Wednesday where they attended guest day for feminine golfers at the Omaha Field Club. Miss Williamson, by the way, will play in the Women's State Golf Tournament which opens on July 16.

AND Monday, so someone told us, Miss Cynthia Barber and Miss Ann Pickett returned home from Kearney where they had been the weekend-end house guests of Kappa Alpha Theta sisters, Miss Judy Keenan and Miss Beth Keenan.

LAST Sunday found Miss Cynthia Morgan on her way back to Ann Arbor, Mich., where she is a student at the University of Michigan School of Nursing. Miss Morgan, however, will be returning to Lincoln next month to attend the wedding of Miss Ellen Pickett and Lt. Howard Doty which will take place on Aug. 24.

SPEAKING of weddings — Perhaps you already know that Miss

Gretchen Teal has chosen Saturday morning, Sept. 8, for her marriage to Ronald Green. The ceremony will be solemnized at 11 o'clock at the Westminster Presbyterian Church.

THERE are vacationists in the news this morning, too. — Learned that Mrs. A. H. Kurtz and her niece, Miss Lynn Scott, daughter of Mrs. Harrison Scott of Beatrice, left Wednesday morning for Star Island, Cass Lake, Minn., where they will have a month's holiday.

AND leaving on Friday for Colorado will be Mr. and Mrs. Robert McNutt and their children, Freddie, Danny, Jeri and Tommy, who have chosen Estes Park for their vacation spot. Next week Mr. McNutt will be a commuter between Estes Park and Boulder where he will attend an Estate Planning Institute to be held the entire week at the University of Colorado. Mr. and Mrs. McNutt and their family plan to be away three weeks.

OFF to North Platte this weekend will go Mr. and Mrs. John Mason — It's an annual pilgrimage and always for the same event — the party Bob Slater gives at his summer cabin.

HEARD, also, that Mr. and Mrs. Norman Walt and their son, Ren, are having a vacation at Pelican Lake, Minn. —

AND that Mrs. E. J. Walt and her daughters, Miss Mickey Walt, Judy and Leslie, are

spending some time at their summer home at Pelican.

ON OUR courtesy list for the day is the dinner for which Mr. and Mrs. Alfred DuTeau will be host and hostess this evening when they entertain in honor of Maj. and Mrs. Allen Gullian. The guest list will include only members of the families.

Maj. and Mrs. Gullian, their son, Wyatt, and their daughter, Curtice, are the guests of Mrs. Gullian's grandfather, Ross P. Curtice, and stopped off in Lincoln from Blythville, Ark., where Maj. Gullian has been stationed, to his new post at

Officers Wives Elect

Mrs. Vernon Todd was elected president of the Lincoln Air Force Base Officers Wives Club Wednesday afternoon following the group's monthly luncheon held at the Hotel Cornhusker. More than 200 members attended the luncheon, for which officers wives of the 77th bomb squadron were hostesses, and a program of music was presented by Mrs. Edna Hordiff of Sturges, Mich., organist, who is visiting in Lincoln as the guest of her daughter, Mrs. Leo Beers.

We Hear That

Mrs. Leonard Theis of Burbank, Calif., is spending several days as the guest of her sister, Mrs. Leonard Crick. Mrs. Theis was joined in Lincoln by her son, Lt. Leonard Theis, who came from Wichita, Kan., to spend last week-end with his mother and his aunt. On July 25, Mrs. Theis will go to Wichita from where she will be accompanied home by Lt. Theis who will spend his 30 days leave in Burbank.

Last Sunday Mr. and Mrs. Jack Rohrbach and Mrs. Rohrbach's sister, Miss Sally Carr, left for New York City where they will be joined by Mr. Rohrbach's brother, Pvt. Robert Rohrbach, who is stationed at Ft. Jackson, S. C. The travelers will attend the grocers' convention at the Waldorf-Astoria this week and then will motor southward to Florida where they will go on to Havana, Cuba for a brief stay. En route home Mr. and Mrs. Rohrbach and Miss Carr will drive through the Ozarks.

Returning home Sunday evening from a month's vacation trip by motor to the west coast were Mr. and Mrs. Charles H. Sharrick. En route to Los Angeles, where Mr. Sharrick attended the convention of Optimists International, the travelers visited Mrs. Sharrick's brother, L. C. Jones and family at Las Vegas, Nev.

Just Between Us

—Lincoln's summer is equivalent to London's "Silly Season" when purposeful activity is at a low ebb and the invention of pastimes at a premium.

—If you are hot and tired and have small children who want "something to do," try playing mental hide-and-go-seek. Tell the young ones to imagine where they will hide, give them five minutes, more or less, then guess where they've been mentally lurking. All this can be done without stirring from the hammock (only trouble is the youngsters may catch on after a few rounds).

—chemically the human body is composed of 71 per cent water. Therefore, in the summer it is advisable to drink more water or liquids than in the cool weather. Which reminds me of the catchy new piece, just released, called, "I'm Just a Bucket of Chemicals."

—when any of the "outlanders" begin asking irritating questions such as, "Is Nebraska a city somewhere in the west?" confront them with a few facts like the following: Nebraska has more miles of river front than any other state in the Union; there is only one other state that has more songbirds than Nebraska; and the longest straight stretch of highway in the United States, approximately sixty-five miles, runs from Union to Milford. Some things have changed, however. The first lot sold in Lincoln brought the staggering sum of 25 cents!

—the All-Staters who convened here for the annual music festival on the University campus showed a flair in the selection of wearing apparel. One attractive miss wore a red dress and carried her trombone in a matching red case. Another had a full skirt decorated with replicas of grand pianos with the tops up. All around the hem were black and white, life-size piano keys. Musical notes were sprinkled here and there over the entire skirt.

Had Evening Service

MRS. ARTHUR KEITH STARR

Tall arrangements of orchids, gladioli and orchid candles burning in pedestal candelabra decorated the chancel of the First Methodist Church at Fairbury on Sunday evening, June 24, for the marriage of Miss Marlene Jo Milne, daughter of Mr. and Mrs. Roy W. Milne of Fairbury, to Arthur Keith Starr, son of Mr. and Mrs. Arthur Starr of Powell. The service was solemnized by the Rev. A. W. Johnson, and Miss Barbara Palecek, organist, played the wedding music and accompanied Miss Sharon Lloyd, vocal soloist.

Miss Joyce Carstens of Fairbury, as the maid of honor, and Miss Dianne Milne, Endicott, the bridesmaid, wore alike frocks of orchid crystalite over taffeta fashioned with basque bodices and full, waltz-length skirts. Their headbands were of pleated crystalite, and they carried bouquets of carnations. Miss Carolyn Carstens of Fairbury lighted the candles for the 8 o'clock ceremony, and Kenneth Starr of Powell was ringbearer.

Serving as best man was James Milne, brother of the bride, and the ushers were Donald Trafer, Kenesaw, Merlin Milne, Endicott, and Dale Starr, Fairbury.

White Chantilly lace and nylon tulle over satin fashioned the bride's gown. The shoulder-wide decolletage of the molded bodice of lace was banded with illusion, and the lace sleeves were long and fitted. Appliques of the lace were repeated on the very full skirt of tulle, and her illusion veil was held by a bandeau of the lace. She carried a purple orchid showered with Stephanotis and satin ribbons.

Following the reception for 150 guests in the church parlors, the couple left for a Colorado wedding trip later to reside at 2701 North 27th in Lincoln.

Mr. Starr is a graduate of Fairbury Junior College. His bride will attend Nebraska Wesleyan University this fall.

Plans August Wedding

MISS SHIRLEY NORDER

Mr. and Mrs. Henry Norder of Bruning announce the engagement and approaching marriage of their daughter, Shirley Mae,

of Lincoln to Donald L. Braun, son of Mr. and Mrs. Henry Braun of Carleton. The wedding is planned for Aug. 11.

Only NUTRI-TONIC permanent waves deep down - yet gentler in little as 10 minutes

AND HERE'S WHY:
a full 1/3 is patented
Oil Creme base
(HOMOGENIZED)

Nutri-Tonic IS different because 1/3 is patented Oil Creme base which brings you benefits other permanents can't give. Benefits such as these...

SOFTER, MORE NATURAL-LOOKING CURLS—Nutri-Tonic's oil-rich creaminess (homogenized) helps protect your hair's natural texture and luster while waving so much gentler. That's why your curls are softer, more natural-looking from the moment first combed out!

ONLY NUTRI-TONIC GIVES DEEP-DOWN WAVING—The fantastic new Customizer, developed by Nutri-Tonic, causes more thorough waving deep inside hair shaft—clear through the hair. Naturally, your curls are firmer, last longer.

WAVES IN LITTLE AS 10 MINUTES—Also gives fastest permanent, start to finish, because of Nutri-Tonic's patented Oil Creme base—and exclusive deep-down waving. And—so easy to do!

Try it and you'll know why millions are switching to oil-rich Nutri-Tonic. See all it does for you so quickly, easily, gently.

\$636,000 Damage Due To State Weather In June

Wauneta Flood Tops List

Nebraska had five storms during June which caused more than \$636,000 of damage, the Lincoln Weather Bureau reported in its summary of the month's weather in the state. Total damage from the five storms was more than \$636,000.

Worst listed was the flash flood at Wauneta, for which damage was estimated at \$250,000. Others listed were:

Fillmore County, hail and tornado, June 6, damage estimated at \$210,000.

Adams County, hailstorm, June 6, damage \$73,000.

Hitchcock County, June 16, hail, \$1,000.

Gosper County, June 22, hail, more than \$50,000.

The summary said further of the Wauneta flood on June 17 that 80 homes were damaged and five persons injured.

Less Precipitation
The Weather Bureau reported that only 17 out of 80 stations in Nebraska received more than normal precipitation for the month.

Most of those were along a belt extending from the southwestern corner of the state northeastward to the northeastern corner. Another belt of normal rainfall area was along the Kansas border from mid-state to the east end of the border.

The greatest deficiencies in moisture were reported from the extreme west, extreme north and central areas of the state.

Normal June rainfall in the state varies from slightly less than 3 inches in the extreme west to a little over 5 inches in the south.

The monthly report said rains improved to the agricultural outlook, with thin and early winter wheat heads filling out well and ripening early by warm weather.

Wheat yields under average were reported, with oats and barley very poor.

Sufficient moisture and high temperatures caused rapid growth of corn, the report said, and that crop was listed as in good to excellent condition except for a few small dry areas.

Generally dry subsoil was reported along with a need for frequent "substantial" rains during the next few weeks to make a good corn crop.

Hans P. Jensen Dies At Age 81

Hans Peter Jensen, 81, of 1318 10th, died Wednesday.

Born in Odense, Denmark, Mr. Jensen came to the U.S. in 1910. He lived at Laurel, moving to Lincoln 22 years ago.

He was a member of Our Saviors Lutheran Church.

Surviving are daughters, Mrs. August Nissen and Mrs. Laurence both, both of Lincoln; six grandchildren; and five great-grandchildren.

Funeral services will be at 3 p.m. Friday at Our Saviors Lutheran Church with the Rev. James E. Olsen officiating. Mrs. Olga Jensen will sing and Miss Anne Christensen will be at the organ.

Interment will be at Lincoln Memorial Park Cemetery.

Mrs. Stebbins Is Group President

Mrs. Harold P. Stebbins, former acting chairman of the Lincoln Rehabilitation Center, Inc., board of directors, was elected its new president Wednesday.

James R. Delehant is vice president; Mrs. Dorothy Ogden, secretary; and Elsworth DuTeau, treasurer.

The permanent officers of the recently incorporated organization were elected at a meeting at the University Club.

Edwin Dosek, Dr. Frank Stone and Mrs. Howard S. Wilson were named to do some "interim work" on a survey to be made of rehabilitation facilities, agencies and resources in the community, Mrs. Stebbins said.

Dosek also will work on membership plans.

The 12-member board of directors will meet again Aug. 15.

Lincoln C Of C Hosts Omaha Chamber

Mayor Clark Jeary is shown with M. Cooper Smith, president of the Omaha Chamber of Commerce and Albert Held, president of the Lincoln group (left to right) as directors of the two Chambers met in Lincoln Wednesday to discuss matters of mutual interest. (Star Photo)

Lincoln, Omaha Chamber Boards Meet Over Roads, Other Mutual Problems

Presidents of the Omaha and Lincoln Chambers of Commerce met Wednesday to discuss matters of mutual interest, including the state highway program and the progress of the Nebraska Council for Urban Development.

"We decided that it might be well for the two Chambers to meet in this manner, once or twice a year, because so many of our municipal activities and problems are similar," M. Cooper Smith of Omaha and Albert A. Held of Lincoln said jointly after the luncheon session, held at the Lincoln Chamber.

They also said that several other subjects were discussed informally, including the manner in which the working committees of the two groups study specific projects and then clear them back into the boards of directors.

"In order to correct certain problems which have arisen in urban areas, enabling legislation very likely will be introduced in the 1957 Legislature. This would make it possible for all cities of any size in Nebraska to undertake urban development programs, and would not be designed primarily or exclusively for Omaha or Lincoln," the two presidents said.

This was a continuation of discussions started at an all-day meeting held by the Nebraska Council for Urban Development in Omaha in February.

No specific actions were taken or projects undertaken at the meeting, the two chamber heads concluded.

Ask Space
WASHINGTON (INS) — An international trade fair operator said eight midwestern firms have asked to be represented at an American agricultural exhibition next year in Moscow.

Gottfried Neuburger told a House Agriculture subcommittee the firms are willing to buy space at the fair and pay costs of shipping their products to Moscow.

Surviving are a daughter, Sara, and a son, Chris, both of Lincoln; and parents, Dr. and Mrs. Robert H. Easton of Lincoln.

Dobson Gets First Work For One-Ways
The first of several work projects that eventually will provide one-way streets on 9th and 10th was awarded Wednesday to Dobson Bros. Construction Co. as apparent low bidder.

The bid for widening paving on the east side of 9th between A and H and pavement revisions on T between 9th and 10th was \$35,052.25. The other bidder was Abel Construction Co. with \$35,626.50.

Called for in the project are cut-backs at the northwest corner of 10th and T and the southeast corner of 9th and T and widening of 9th to 37 feet.

One other contract to be let in the over-all plan is for surfacing of 9th St. between Hill and Van Dorn and Van Dorn between 9th and 10th.

Dobson Co. also was low bidder on a combined paving and storm sewer project in Hollingsworth Heights. The company bid \$44,937.70, under the city's estimate of \$47,500.

Involved streets in the project are 41st and 44th from Van Dorn to Smith. Anderson Dr., Austin Dr., and Neville Ave.

Test-Worried Toronto Marine Commits Suicide
PARRIS ISLAND, S. C. (INS) — A 20-year-old Marine recruit, described as "worried" about a rifle range test, apparently shot himself to death Wednesday. He was Pvt. Sidney G. Zwaigenbaum of Toronto, Canada.

Debbie To Rest
MOLLYWOOD (INS) — Actress Debbie Reynolds, who is expecting a child in November, was ordered to bed for at least three days Wednesday to recover from what her physician said was "sheer exhaustion." The actress, currently making a film with her husband, Eddie Fisher, almost collapsed on the set.

Many' Children Of Vets Eligible For School Aid
Many of the 834 Nebraska children of deceased veterans will be eligible for government schooling payments under an act recently signed by the President, A. Westmoreland predicted Wednesday.

Westmoreland, Veterans Administration regional office manager here, said children to be eligible must have a veteran-parent who died of injuries or disease resulting from military service in World War I, World War II or the Korean conflict.

Children between 18 and 23 may apply if their opportunity for education has been or will be interrupted because of the veteran parent's death.

The monthly schooling payments will begin Oct. 1.

TODAY'S CALENDAR

Kennedy Taking Oath Thursday; Seaton Assistant
WASHINGTON (INS) — A former newspaperman who has worked with Secretary of the Interior Fred A. Seaton since Seaton first came to Washington as a Nebraska Senator takes the oath of office Thursday as assistant to the interior secretary.

He is Lorne Kennedy, Omaha, Neb., who served as Seaton's administrative assistant in the Senate and as his executive assistant while Seaton was assistant Secretary of Defense. When Seaton joined the White House staff, Kennedy became deputy assistant Secretary of Defense.

Polio Foundation Urges Early Shots
The National Foundation for Infantile Paralysis is spearheading a drive to inform the public of the importance of early antipolio vaccinations for all currently eligible individuals (infants to age 20 and expectant mothers.)

Clinton Belknap, east Nebraska representative of the Foundation has asked all officers of Nebraska county Foundation chapters to cooperate fully in urging those eligible to take advantage of the protection afforded by the Salk vaccine.

Illustrious Cripples In Lineup Today

By WILL GRIMSLEY
The Associated Press
Casey Stengel's two illustrious cripples, Yogi Berra and Mickey Mantle, will be in the lineup today when the New York Yankees open their three-game series with the Cleveland Indians at Yankee Stadium.

Berra's hand injury in Tuesday's All-Star game at Washington turned out to be minor—at least it wasn't serious enough for him to take the case to a doctor.

Mantle, his right knee in a brace, reported no ill effects from playing the full nine innings at

Washington and indicated he's ready to continue pursuit of Babe Ruth's home run record. Johnny Kucks will pitch for the Yankees against Bob Lemon.

Return To Action
The major leagues return to full activity after their three days' All-Star holiday. Here's the schedule:

AMERICAN LEAGUE
Cleveland at New York.
Chicago at Boston, night.
Kansas City at Baltimore, night.
Detroit at Washington, night.
NATIONAL LEAGUE
New York at St. Louis, night.
Brooklyn at Milwaukee, 2, two-N.

Philadelphia at Cincinnati, night.
Pittsburgh at Chicago, 2.

Post-Game Mystery
Berra's injured hand added a little post-game mystery to the annual All-Star classic, won by the National Leaguers 7-3.

In the sixth inning, Yogi's right hand was nipped by a foul tip from the bat of big Ted Kluszewski of Cincinnati. The two small fingers were badly bruised and, Berra said, "felt numb."

"I may have 'em X-rayed," he said, indicating the possibility of broken bones.

Wednesday the Yankee front office said it had received no report from the iron man catcher and the team physician, Dr. Sidney Gaynor, said, "He hasn't checked in with me." At Yogi's Woodcliff Lake, N. J., home, a housekeeper, said, "He came in and went out again."

Yankers Encouraged
Stengel, asked whether Yogi would be in there catching against Cleveland, said wryly: "He always catches, doesn't he?"

The way Mantle's right leg stood up under a full game was another

encouraging feature for the Yankees, who hope to lengthen their 6½ game lead against the invasion of the Western clubs. The second-place Chicago White Sox follow the third-place Indians into town.

Infielder Billy Martin, sidelined in Boston and Washington with a bad leg, also will be back in the Yankee lineup.

Confident Redlegs
The All-Star game affected the National League race only in the added confidence it gave the league-leading Cincinnati Redlegs, who played a major role in the

National League's All-Star victory. "Their performance should give them a big lift," said Walter Alston, of the Brooklyn Dodgers.

The Redlegs had six players in the All-Star game, five in the starting lineup, and three of them, Kluszewski, Roy McMillan and Johnny Temple, contributed six of the National's 11 hits, scored three runs and knocked in a couple more.

"It should give the boys confidence for the second half of the race," said the Cincinnati manager, Birdie Tebbets.

BERRA

Astleford Takes Tourney Lead

Defending Champ Fires 71 In Meet's 1st Round

By Ron Speer
Star Sports Staff Writer
Defending champion Bob Astleford of Omaha pulled away from the field in the first round of the Men's Nebraska Amateur Invitational Golf Tourney at the Lincoln Country Club Wednesday.

The 1955 champion puffing continuously on a cigar and taking his time with every shot, fired a one-under-par 71 to lead by three strokes after the first 18 holes.

However, there are 54 holes of competitive golf remaining to decide the title, and Astleford is far from being a shoo-in for the crown.

Gusty winds and glass-like greens held the score down for most players Wednesday.

Former champion Dick Spangler of Lincoln, who's 72 was the top score in the Tuesday pro-am slipped to a 78 Wednesday. The 26-year-old Air Force officer got off to a bad start and never recovered.

Runnersup to Astleford's par-shattering round included six golfers, all tied at 74.

Cousins Chuck Jensen of Beatrice and Nels Jensen of Pawnee City, Bill Mowbray Jr. of Lincoln, Paul Gillespie of Lincoln, Bob Murray and Don Pegler Jr. of Lincoln all carded 74s.

One of the latter rounds of the day was turned in by C. G. W. Buck of Crete. The veteran linkster registered a 79—which topped

the players in the Senior Division. Lou Dropinski of Omaha led the Junior-Senior flight with a 74.

Scores today should drop. The rain Wednesday night was enough to make the greens more playable.

After today's 18-hole second round the field will be pared into three flights, the Championship, the President and the Lincoln Country Club flight. All entries will play 36 holes Friday for the flight titles.

First Round Results

Bob Astleford, Omaha, 71
Paul Gillespie, Lincoln, 74

Varying Occupations Keep Husker Gridders In Shape

Varying occupations are keeping the University of Nebraska Cornhuskers busy during the summer months and for the most part, in condition.

Don Hinkle, sophomore guard from Beaver City, is serving as a life guard at Arapahoe. He has saved two from drowning thus far. Jack Fleming, senior tackle, is working in the oil fields near his home in Kimball. Jerry Petersen, junior tackle from Cambridge, is in summer school and working at the stadium in the afternoons.

Jerry Schoettger, halfback, who missed spring drills because of a leg injury, is doing construction work on a new bank building at Rushville. Larry Jones, junior guard from Sidney, has been working as a junior geologist with an oil company and is spending six weeks in ROTC camp at Fort Riley, Kansas.

Gene Sandage, junior end, is unloading pipe for a plumbing company at Sioux City, Ia. He also is playing softball in a city recreation league.

Don Rhoda, junior tackle from York, is keeping in shape on his dad's farm near Geneva. Melvin Dohrman, sophomore tackle, is in construction work at Kearney. George Harshman, junior quarter-back, is working on the loading docks of a glass corporation at Connelville, Pa.

John Elacqua, sophomore end, is in construction work at Albany, N.Y. LaVerne Torzon, senior guard, is working on his father's farm near Platte Center and playing baseball with Columbus in the Cornhusker league. Bob Berguin,

senior center from Sioux Falls, S.D., is doing ground work for a power company.

Clarence Cook, sophomore end, is an engineer for the Bureau of Reclamation at McCook. Dick Prussia, Franklin, junior end, is a ditch rider on the Franklin irrigation canal.

Bill Edwards, junior end, is doing carpenter work at Wahoo. Guy Sapp, sophomore center, is in recreation work at the state hospital helping handle the athletic program.

Charles Tsoukalas, sophomore end, is driving a truck at Somerville, Mass. Darrel Pinkston, sophomore halfback, is in construction work at Grand Island.

Gene Haman, junior fullback from Geneva, is in construction work which means arising at 5 a.m. and working a 12-hour shift.

Roy Stinnett, sophomore quarter-back, is doing concrete and steel work in Lincoln. Michael Lee, sophomore end from Grand Island, is in construction work near his home town.

Falls City Upset

FAIRVIEW, Kan. — Fairview, which had lost all six of its previous contests in the Kansas-Nebraska Junior league, pulled the biggest upset of the season by spilling Falls City, 7-3. The Nebraskaans' only previous setbacks were at the hands of league-leading St. Benedict.

Falls City out-hit the host team, 7-0. Falls City: 1-3, 2-7, 3-0. Fairview: 0-1, 2-3, 3-0. Manager and Tom Carey, Dunne, George and Jay Seefeldt.

ZIMMER

Bums Put Zimmer On Disabled List

BROOKLYN — The Brooklyn Dodgers applied Wednesday to have their injured infielder, Don Zimmer, placed on the disabled list.

Zimmer was hit in the head by a fast ball thrown by the Cincinnati Reds' Hal Jeffcoat June 23, suffering a smashed cheek bone. He left the hospital Monday.

On the disabled list, Zimmer is lost to the team for a minimum of 30 days. Manager Walter Alston said, however, he doesn't expect to have the infielder's services until late September.

The move would put the Brooklyn roster three under the player limit.

Shea Defeated In Irish Quarterfinals

DUBLIN, Ireland — Gordon Forbes of South Africa defeated G.H. Shea of Los Angeles, 6-3, 3-6, 2-6 in the quarter-finals of the men's singles in the Irish lawn tennis championships Wednesday.

Age Divisions Set In Swimming Meet

A change has been made in the diving division of the first annual City Age Group Championships to be held Saturday at Muny Pool.

The diving had originally been slated for no age divisions. But, according to Harry Kuklin, Muny Pool director, diving will be held for boys and for girls in each of four divisions.

Kuklin said the schedule of no age division had been set to correspond with the State AAU meet program to be held July 22.

But, Kuklin said, in checking the AAU rule book, the Lincoln Swim Club found the AAU regulations called for diving in age divisions.

The age groups are 10 and under, 11-12, 13-14, 15-16.

Ribot New Favorite In Britain's Big Race

LONDON — The crack Italian thoroughbred, Ribot, was included in Wednesday's list of 12 entries for the mile and a half King George VI and Queen Elizabeth Stakes at Ascot Heath July 21—Britain's richest prize on the racing calendar.

Ribot, unbeaten 4-year-old owned by the Marchese Incisa Della Rocchetta, is almost certain too start as favorite for the first prize of 23,927 pounds, \$66,995.

Tiny Town's Phone Setup In Good-Natured Tangle

By JOHN CHAPMAN
 MANLEY, Neb. 12 — This Cass County town of 120 population is served by two telephone systems and the State Railway Commission has been asked to straighten out the situation.

There is no exchange here. Part of the residents receive telephone service from Weeping Water to the southwest and part from Louisville to the northeast.

The Lincoln Telephone and Telegraph Co., which owns both exchanges, concluded it would be about \$2,000 cheaper to serve the entire town of Manley from Weeping Water than from Louisville.

But there was a petition on file with the railway commission asking that Manley be served from Louisville, so there had to be a hearing.

Fourteen subscribers receive service from Weeping Water and nine from Louisville, but a survey

indicated that if everyone who wants a telephone could get one, the result would be a tie—16 to 16.

The hearing held at the schoolhouse, was expected to be over by noon, but ran until five o'clock. At the conclusion, Railway Commission Chairman Joseph Brown commented:

"This may have been one of those cases where it would be better to leave a sleeping dog lie. But the matter has been brought before us, and we'll have to make a decision."

Trade territories, employment, family ties and church connections play a part in the case.

Men who live here and work in the cement plant at Louisville prefer to be connected with the Louisville exchange. The cement company management offered, however, to absorb the cost of calls to employees from Manley if served by the Weeping Water exchange.

Council Divided
 "If you look us on to Weeping Water, I'm taking my phone out. I'd have no use for a phone through Weeping Water," Louisville "sympathizers" protested at the hearing.

"If you take it to Louisville, you can take my phone out," Weeping Water partisans declared.

Manley gets its mail from Manley.

The post office is on a Weeping Water line. So are the Missouri Pacific depot, lumber company and Catholic Church. The pastor of the Lutheran Church favors Louisville. Some Manley families attend the Methodist Church at Louisville. The situation probably dates

In a Thunderbird Special V-8 engine* 225 eager "horses" await your instructions
*Available in Fordomatic Fairlane and Station Wagon

For the sheer fun of driving FORD goes first!

Thunderbird power opens a whole new world of driving pleasure... makes Ford the best-selling "8" of all!

Ahead of you the highway unwinds like a carelessly coiled rope. Time was when you would have shunned this road—but not now. For firmly under you is a car designed to take roads like this in easy stride. Beneath that gleaming Ford hood, 225 eager horses await your orders. Nudge the gas pedal. Gently now... look! That truck that was ahead of us is now safely behind. See that flat "S" curve ahead? With Ford's low center of gravity and ball-joint front suspension, we'll follow its twisting turns in sure-footed safety. There, we're through it, and it was fun!

Beyond any doubt this '56 Ford will recapture for you the adventure of driving. Behind its giant Thunderbird engine, roads that once were an irksome chore become a joy. And suddenly... driving is full of fun again!

Where a Ford V-8 is concerned, only driving is believing. And the keys to a Ford are waiting for you now at your Ford Dealer's. Get behind the wheel of this great road car. Put it through its paces on any highway or byway. When you return we think you'll agree that—Ford, indeed, goes first.

Ford goes first... in performance ... in safety ... in economy

NOW! A FORD with AIR CONDITIONING costs less than many medium-priced cars without it* TRY ONE TODAY! *Based on a comparison of suggested list prices

Makes good food taste **BETTER!**

CAREY, you know, is the perfect salt... pure crystals of flavor. A favorite of so many for four generations, its tiny crystals always sprinkle perfectly, rain or shine.

Plain or iodized, CAREY is superior salt. When shopping, reach for its familiar white package with the bright red band. And sprinkle a little CAREY's on dinner tonight... you'll be sprinkling pure crystals of flavor.

THE CAREY SALT COMPANY
Hutchinson, Kansas

Plain or Iodized

Inmate Battershaw Denied Parole

An Omaha man who engineered his brother's escape from an Omaha jail was denied a Penitentiary parole request Wednesday by the Board of Pardons and Paroles.

Clifford Battershaw, Omaha, who helped his brother, Dewey, escape from the county jail in Omaha, was serving a 5 to 10-year term for robbery. He was sentenced March 24, 1951, at the age of 16. His brother, who he sprung from jail at gunpoint, died in a spectacular gun battle in Apache County, Arizona.

Battershaw, now 21, also is remembered for being one of 13 ringleaders at the Penitentiary during the damaging riot and fire at the laundry in January, 1954. Battershaw at that time knocked one of the guards down a flight of steps and threatened his life.

2 Outright Paroles

The Pardon Board granted outright paroles to two other inmates, and commuted sentences of two others pending federal detainers.

Paroles were granted Jack L. Hald, 28, of Omaha, who was serving a five-year term for burglary from Douglas County and was sentenced October, 1953, and Norman Heupelheuser, 31, of Kansas, serving a two year term for auto theft from Buffalo County.

Both Hald and Heupelheuser will be released July 23rd following a pre-release indoctrination program in effect at the Penitentiary.

The Board set a parole date of Aug. 28th for Vestal Bevel, 42, of Oklahoma City, who was serving a 30-year term for second degree murder from Douglas County. Bevel was sentenced Aug. 8, 1945.

Sentence was commuted for Elmer Schutz, 26, of Montana, after serving close to two years for prison escape from Lancaster County. The commutation is pending a federal detainer. Schutz' commutation is effective Oct. 10, 1956.

Commutation of sentence was given John Gleason, 40, of Kinsley, Kan., after serving four years of an eight-year sentence from Red Willow County for writing no-account checks.

The action is pending a detainer which, if not forthcoming, will result in parole.

Soil Bank Grazing Hopes Dimmed By U.S. Official

By ROY CAMPBELL
Star Staff Writer

Soil bank farmers who want to graze their cattle on reserve land were faced with diminishing possibilities Wednesday at the start of a drought area tour by a U. S. Agriculture Department official. The tour was begun Wednesday in Sarpy, Douglas, and Cass Counties by Robert Hall of the division of the agricultural credit services. Hall in a press conference, said the only way to clear farmers for grazing permits would be through the classification of their land as a drought disaster area. This, in effect, would be putting the land under the same emergency label as parts of Colorado, Kansas, and Oklahoma which last year were the hardest hit.

Hall said the complete situation of the area would include conditions of not only the pastures but also the corn, beans, and other crops. These, too, must be in drought condition. The emergency drought classification could apply to areas, counties, or sections of counties, Hall said. Gov. Victor Anderson told Hall Wednesday morning that two more counties have applied for the grazing privileges. These were Cass and Sarpy counties.

"We realize it's not truly a disaster area," the governor said, adding that in some counties the pasture was very bad. He said farmers in the area would be forced to sell their cattle unless the reserve crops could be used as forage.

If the farmers could graze their soil bank land, especially on oats, they then wouldn't be forced to sell their cattle and could hold off grazing on pasture that is re-

as changing the picture of the corn and pasture prospects. The rains, some said, also may ruin the chances of farmers claiming drought status for grazing cattle.

Other counties that have applied for grazing permits are Butler, Polk, Platte, Colfax, Stanton, Greeley, Cedar, Dixon, Knox, Cass, Sarpy, Douglas, and Buyl.

Estes Blasts Nixon's 'Feud' With Nehru

WASHINGTON (AP) — Sen. Kefauver (D-Tenn.) told the Senate Wednesday that "it is an incredible fact" that Vice President Nixon got into a feud with Prime Minister Nehru of India during Nixon's good will world tour.

Kefauver also said the administration is pulling John Sherman Cooper back from his post as ambassador to India to run him for senator in Kentucky in a move to "cap all the mistakes we have made in dealing with India."

The Tennessee senator, a candidate for the Democratic presidential nomination, criticized Nixon, Secretary of State Dulles and the administration in general in a speech delivered just before Nixon returned from his flying tour.

Kefauver said "The question in thoughtful minds will now be whether the policy of Mr. Nixon and Mr. Dulles in regard to India will not serve to drive India and the other nations of Asia who follow her lead into more open friendship with the Soviet system."

Dangerous

While in Pakistan, Nixon said he had Nehru in mind when he said on an earlier occasion that acceptance of Communist assistance is dangerous and inconsistent with freedom.

Nehru, who has followed what he calls a policy of neutralism between the Communist and non-Communist worlds, retorted that Nixon's view was undemocratic.

Nixon had no comment on his arrival about Nehru or neutrality. Secretary Dulles told a news conference Wednesday that Indian-American relations are "fundamentally good" even though there are some differences in views.

Kefauver said Ambassador Cooper has not been nearly as effective in India as Ambassador Chester Bowles was in the Truman administration, but nevertheless has been "a good and distinguished ambassador."

Since the Republicans took over, Kefauver said "almost every action of the United States in that area of the world has served to alienate the friendship of India."

OMAHA FILES PROTEST TO PROPOSED FARE HIKE

The City of Omaha Wednesday filed a formal protest against the Omaha Transit Company's proposed fare increase.

The city also filed a request for an order directing the company to produce its files and records in connection with the hearing set for July 16.

The company asks for a straight cash fare of 20 cents for adults. The present rate is two tokens for 35 cents.

'Dare To Be Yourself' Nebraska Teachers Told At NU Conference

"Dare to be yourself" when meeting of the University of Nebraska teachers were braska summer session teachers urged Wednesday at the opening college conference on "An Appraisal of Education Today," Lucile Lindberg, professor of education at Queens College, Flushing, N. Y., declared "in too many classrooms we have pseudo-teachers who are trying to be like someone else."

"Attempting to teach as someone else seems to think we should makes us dull and uninteresting," she continued.

She stressed that a teacher who dares to be herself is free to recognize individual differences in children and can arrange for student participation in worthwhile community projects.

Other conference speakers and their topics are Dr. Merle Stone- man, University of Nebraska, professor of school administration, "The Most Functional School Buildings I Have Known," and Dr. Earle Wiltse, Grand Island superintendent of schools, who led a panel discussion on "Effective Laboratory Schools for Today."

Dr. Wayne O. Reed, assistant U. S. commissioner of education and

Senate OKs Impounding Mail Of Swindle Suspects

WASHINGTON, July 12.—The Senate voted Wednesday to let the postmaster general temporarily impound mail of persons suspected of operating swindles or sending out obscene matter.

But it first amended the House-passed measure to be certain that the authority does not apply to regular newspapers, periodicals or registered publications.

Otherwise, Sen. Monroney (D-Okla.) said the broad powers might be misused by some government officials to abuse "freedom of the press" or bankrupt some newspaper or periodical "he does not like."

If publications could be held up or delayed for 20 days or longer as the bill provides, Monroney said, this might destroy some of them.

"Police State"

Sen. Morse (D-Ore.) also questioned that the authority might be used "against the innocent" and border on tactics of "the police state."

Sen. Olin D. Johnston (D-Sc.), floor manager for the bill, assured Monroney and Morse that ample safeguards for freedom of the press and protection of constitutional rights of individuals would be maintained.

Johnston said that if a suspect's mail is impounded, he must be notified immediately, be permitted to examine and receive any mail not involved in the offense, and given an immediate hearing in a federal district court.

He said the impounding could not last longer than 20 days unless sustained by a federal judge.

The measure was passed by unanimous voice vote. It goes back to the House for consideration of Senate amendments.

4-H Sessions Set

WAYNE, Neb. — The Carroll and Wayne 4-H clubs will have judging and demonstration instruction here Thursday, and the Hoskins and Winslow clubs will hold a similar gathering at Winslow Friday.

IMPROVED LO-KAL TABLETS LOSE UP TO 10 LBS. IN 10 DAYS!!

If you are too fat due to over-eating and want to take off pounds of excess weight without harmful drugs, laxatives, starvation or exercise, our *Lo-Kal Tablets* will help you do just that. The plan acts in two ways: (1) to help suppress your hunger, to curb your appetite for rich fattening foods; (2) provides important vitamins and minerals to help maintain your energy while reducing.

Follow the simple plan explained in the booklet and see how quickly you'll lose pounds of extra, unwanted fat. Try *Lo-Kal Tablets* over a given period. You can't lose anything but FAT.

Present Officers Of Planning Commission Are Re-Elected

The City Planning Commission re-elected all present officers following regular session Wednesday after denying two zone change requests and an additional use permit.

E. J. Faulkner, present chairman, was named by unanimous vote to continue in the job for an additional year.

John K. Seleck, vice chairman, was renamed, a s chairman, was Mrs. J. Edmonds Miller who will continue as secretary.

The Commission voted approval of Fiene Union 1st Addition, south of Pioneer, north of LaSalle St. and east of 40th St. The condition was that bonds for sidewalks and culverts must be underwritten and bonded before final approval.

Just Recommendations

All action was on a recommendation basis and final decisions are made by the City Council.

The Commission denied a change of zoning to Irving Apner from a single family to a local business zoning on the northwest corner of 33rd and Merrill Sts. Avner through his attorney said he planned to put up a wholesale and retail furniture building on the corner.

Commission members questioned if spot zoning would fit in with the over-all zoning plan.

7th-Rose Denied

A zoning change also was denied the Assenmacher Construction Co. from a two-family to a light industrial on the southwest corner of Rose and 7th Sts.

A request for an additional use permit to Clarence Kuenning to operate a rest home for 11 patients on the northeast corner of 28th and J Sts. was denied.

The commission approved vacation of the alley from Gladstone to Judson St. and between 58th St. and Touzalin Ave. in Havelock.

Scheele Says Authorities Differ On Safety Of Ike's Medicine

WASHINGTON (AP) — Sen. Neuberger (D-Ore.) said Thursday Surgeon Gen. Leonard A. Scheele has informed him that medical authorities differ on the safety of a blood anticoagulant used in treating President Eisenhower.

Neuberger said he asked Scheele for scientific opinion on the safety of the medicine—dicumarol—with out mentioning it has been administered to Eisenhower since his heart attack last September.

Scheele's reply, entered by Neuberger in the record of the Senate Interior Committee, cited one medical book published in 1954 which said patients treated with dicumarol "may have minor, major or fatal hemorrhage," even when it is administered by experts.

But another book quoted by Scheele said "the margin of safety is satisfactory." This volume, published last year, added: "Indeed, the drug has been given to patients continuously for three or four years without evidence of harm."

Another authority reported on successful dicumarol treatment of a heart patient who "leads an extremely active life" as head of a large company.

The medicine thins the blood and is given to some heart patients to prevent blood clotting.

Neuberger disclosed his correspondence with Scheele at an Interior Committee hearing which ranged far afield from the assigned topic—consideration of the nomination of Wesley A. D'Ewart to be assistant secretary of the interior.

As the committee members got into a hot argument over "smear" campaign tactics, Sen. Kuchel (R-Calif.) said he thought Neuberger had done a "diservice" by saying in a newsletter that "panicky" Republican politicians might prop Eisenhower up with

drugs should he become ill during the fall campaign.

No Doubts

Neuberger said he had no indication Eisenhower would permit such a procedure and expressed belief the President would not enter another campaign if he had doubts about his health.

Then the Oregon Democrat said he had written Scheele about dicumarol after reading newspaper reports that it was being given to Eisenhower.

Scheele's reply ran to 10 pages and quoted at length from medical authorities.

The surgeon general wrote that use of the drug is "considered to be safe when properly administered under controlled conditions to properly selected patients by or under direction of a physician trained in its use."

Dicumarol has "several disadvantages," he said, and cited as one the persistence of its effects for several days after the treatments are discontinued.

Prayer Day

Gov. Anderson in a proclamation issued Wednesday designated next Sunday, July 15, as "Prayer Day for the Peaceful Application of Atomic Energy."

Adlai To Tour

CHICAGO (INS) — Adlai E. Stevenson will leave Chicago Thursday for a three-day jaunt to New England where he will meet with state Democratic leaders.

The presidential aspirant's office in Chicago announced he is expected to return to Chicago on Sunday.

Beer Hearing Set

The State Liquor Commission has Class "C" establishment at Hooper, scheduled a hearing for July 24 on Neb., sold beer to a minor on a complaint that Fred Fachman's June 20.
